WANTED—FAMILIES WITH LARGE HOUSEHOLDS OF CHILDREN WHO NEED AND WANT

FIRST—A better chance to educate their children and make a living. SECOND—An opportunity to become better farmers under a practical teacher of agriculture, in an evening school conducted for adults. The school has nine good farms in which families are taken for a period of years. These families must be of good material and the kind that will make good neighbors and citizens of a community. The school is especially interested in the descendants of early settlers of original stock who need and want to earn and save enough money to purchase their own home in the mountain country.

MIWASSEE.

Mr. William Payne was the guest of Mr. Bart Adams on Sunday.

Mr. E. W. Shearer made a business trip to Ducktown last week.

Our school closed a very successful year on last Thursday. It was conducted by Miss Hattie Joe Palmer of Hayesville. She is one of the best teachers we have ever had. This was endorsed by all three committees. She has been invited to come back for another year.

The people are planning to plant their gardens this week if the weather is not too bad.

Mrs. Martha Reid was the guest of Mrs. S. C. Ledford on Sunday.

Mr. Jesse Coleman has been real sick for a few days but is better at this writing.

Mr. Tom Taylor is very ill at this writing.

Mr. Isam Picklesimer returned home Saturday from Gastonia.

Contracts Being Signed For Canning Factory

Contracts are now being signed for the growing of tomatoes in this section for canning purposes. Arrangements were worked out last week between officials of the Chamber of Commerce and representatives of the cannery whereby the latter company agreed to establish a cannery here if three hundred acres of tomatoes would be grown for sale to it. The Clay County agent is securing 100 acres of this acreage and the farmers of Cherokee County are expected to take up the other acreage in a short time.

Contracts are now being signed at the banks, the bottles will be several stores and at the Scout office. Farmers who will be interested in growing tomatoes should investigate the matter at once and sign one of the contracts so that steps may be taken for building the cannery.

The terms of the contract are simple. The farmer agrees to grow a given acreage of tomatoes and sell them to the cannery at \$13.50 a ton or forty cents a bushel. The cannery agrees to buy all the tomatoes at this price and pay for them promptly at the end of the month.

About two hundred bushels of tomatoes can be grown on the acre, it is estimated, which will bring a net return of \$75 or \$80.00 per acre. An acre will produce only about 20 or 25 bushels of corn which in an average year will bring only about \$1.00 a bushel or a total of say \$25.00. Tomatoes, therefore, it would appear, will bring about three times as much per acre as corn and can be sold at a season when the farmer has little cash coming in. With this attractiveness, it is expected that little difficulty will be experienced in obtaining the required acreage. Farmers are urged to act quickly, however, so that the matter can be settled.

A short time ago the editor of The Scout announced that I would write an article on Why Music is Murphyr.

This is not a far-sighted and quite considerable time to prepare it; and my time has been so occupied in every branch pertaining to music that I have been unable to find the spare hours necessary to prepare the article. However, it will appear in the near future.

In the meantime I wish to say this with reference to the band and the music lovers of this town. During my musical career I have organized and had charge of about ten bands, and I have failed yet in ever having an organization that equaled this one in point of enthusiasm. They are full of "pep" and have made wonderful strides in learning music in the past thirty days.

This is not all. Murphy business men and the citizens generally are all helping in some way to promote the interests of the band, and music generally. You are being awakened to the fact that music is one of the biggest and brightest rays that light the road to prosperity.

Our band is striving to attain a full membership (28 musicians) which it undoubtedly will attain in the next few months. It is meeting in its entirety twice a week for rehearsals and private lessons are being given to several members each day during the week. Nor is this all for the boys are equipping themselves with the highest grade instruments money will buy, and that skill will produce.

If you knew how hard they are working to get a band par-excellence you would not hesitate in doing all in your power to aid them, because it is of direct benefit to Murphy.

Speaking of aiding the band, I will say that in addition to the work our boys are doing in a musical way, they are now working on an entertainment for you in the form of a minstrel show. This will be given in the near future, and will be more interesting because of the fact that it will be the first appearance of the Murphy Concert Band, as it is now organized.

Watch for announcement and help the boys to attain their goal of a 100 percent band.

Yours for better music. H. ENGLEMAN.

Hall's Catarrh Medicine

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions.

State Corn Growers May Sell Seed

RALEIGH, Feb. 9.—An opportunity is offered corn growers of North Carolina to sell their seed corn to farmers of the midwest whose supply of seed corn is short due to the bad weather last year. The Sears-Roebuck Agricultural Foundation will hold a seed corn show at Chicago during the week of March 2 to 7, in which is offered many thousands of dollars for good ears of seed corn. The contest is open to the entire United States and all samples should be sent as early as possible to E. B. Heaton, Sears-Roebuck Foundation, Chicago.

The foundation offers \$1,000 for the best ear of seed corn, another \$1,000 will be given to the county sending in the greatest number of entries and about \$15,000 in prizes will be distributed for champion ears from each county in the country. The show is being held to stimulate greater interest in better seed corn this year and since North Carolina corn, which well selected, always germinates well, it is expected that seed ears from this section should win some of this prize money, as well as future orders because of the winnings.

Weekly Market Notes

RALEIGH, Feb. 9.—The potato is a good source of revenue for North Carolina farmers, believes George R. Ross, chief of the Division of Markets, who wishes to encourage growers of the State to grow this crop and market it successfully.

"The world needs potatoes" and must have them," says Mr. Ross. "All the producer has to do is to raise a good product and put himself on the market as a producer. No region in the world can raise better Irish potatoes than are produced in western North Carolina, but the

Cramping Spells

"FOR MORE THAN A YEAR I had been in a very bad condition," says Mrs. R. E. Kimbrell, of Route 1, Dorchester, Texas. "I suffered with cramping spells which gave me bad pains in my back and sides. Sometimes I would have to catch at something, I would get so suddenly dizzy. . . I had to quit doing my work. I tried many remedies, but none of them seemed to do me any good."

"In April I went up to Arkansas to visit my sister. . . She said to me, 'Willie, if you are going to take anything, take Cardui. It will really help you.' I came home and told my doctor what she had said and he said I could not take any better tonic, so my husband immediately got me a bottle and I began it. . . My case was a pretty tough one, I know, so I kept on faithfully. After the fourth bottle, I began to feel very much better, so much so that I was surprised at myself. I have taken six bottles now and I can truly say I feel like a different woman. . . I feel fine and I owe it all to Cardui, which I took faithfully."
