Healthy Mothers Have Healthy Children

"Dr. Pierce's Favorite Prescription was a great help to me during expectancy," said Mrs. W. B. Colling, 514 N. West St., Raleigh, N. C., whose picture appears above. "At one time I was in very bad physical condition—was weak and nervous, suffered from nausea, or sick stomach, and had pains in my back and weak kidneys. I also had severe bearing pains. I was in a very bad way when I began taking Dr. Pierce's Favorite Prescription and I never took a medicine that did me so much good. I got strong and well and had no more suffering, but got along fine the remainder of the time. I had practically no suffering—the easiest time I ever experienced—and I had a very fine healthy baby. The prospective mother will find Dr. Pierce's Favorite Prescription a wonderful help." Start at once with this "Prescription" and see how quickly you pick up—feel stronger and better.
