

Fishing Law Recently Enacted For Cherokee

The full text of the fishing law as enacted by our last legislature is printed below for the benefit of those who might violate the law without knowing it:

Section 1. That it shall be unlawful for any person above the age of eighteen years of age to take fish with hook and line, rod or reel, or by any other means from the waters of Jackson, Haywood, Swain, Cherokee, Mitchell and Graham Counties with-

out first procuring a license as follows:

- (1) For any bona fide resident of either of the above named counties to fish with hook and line, rod or reel in the county within which he actually resides a license tax of one dollar per annum.
- (2) For any person above the age of eighteen years fishing with hook and line, rod or reel, in any of the counties named in this act except in the county where he permanently resides a license tax of three dollars per annum shall be required.
- (3) For any person who is above the age of sixteen who is not a resident of the state fishing with hook and line, in any of the counties named in this act shall pay a license fee of

Perennial War Begins To Rout Mosquitoes and Other Pests

"The time to fight mosquitoes and flies is when they are in the egg or larva stage, not after they have matured. An ounce of prevention will do the work of many traps and mosquito bars," declares Dr. J. Allen Patton, of Newark, N. J.

"Preventive work in the spring will wipe out the breeding places," says Dr. Patton, who is the medical director of the Prudential Insurance Company, and will to a large extent eliminate their annoyance to the public health.

"The house fly breeds and breeds on every kind of filth and is a remarkably efficient carrier of disease. It specializes in typhoid, dysentery, Asiatic cholera, and other diseases, including tuberculosis. Swatting the fly is an expensive and inefficient way to control them in your yard to control mosquitoes, the end as preventive measures. Your neighbors also must see that their potential breeding places for your own flies are kept clean. The potential breeding places for your own flies will share with million flies that it is to eat at home and they will share with catch that million after they have your flies breeding and die."

Two dollars, provided he does not derive or inspectors from the sale of own his land in said county. The license tax required by this act shall be collected by the Fisheries Commission, inspector or warden to be appointed at once a month and all money received by the State Fisheries Commission, or as per above by the Commission, and all moneys received by such way, shall be placed to the credit of the

county from which the same was collected. Section 3. That all moneys collected under and by virtue of this act shall be used in paying the salaries of wardens or inspectors in the counties above named and it shall be the duty of such wardens or inspectors to collect all license tax and enforce the fishing laws and such rules and regulations as the Fisheries Commissioner Board may from time to time promulgate. Section 4. It shall be the duty of the Fisheries Commissioner to furnish all inspectors or wardens with necessary and proper license books and report blanks, and to prescribe the duties of wardens and inspectors. Section 5. The Clerks of the Superior Court in the counties named in this act are authorized to issue licenses to both resident and non-resident fishermen on application. Necessary license books and blanks to be furnished by the Fisheries Commissioner, and such compensation as may be allowed the clerks of the court who issue licenses as per above by the Fisheries Commission. The clerks of the Superior Court to remit the full amount of their collections from the sale of licenses to Fisheries Commission at the end of each month. Section 6. That all laws and clauses of laws in conflict with this act are hereby repealed. Section 7. That this act shall be in force from and after its ratification by the General Assembly.

free FREE—free name date and color. FREE—free after season. Not Garment. Kallag's Tasteless Castor Oil is the original tasteless castor oil made for medicinal use only. FREE—literature on request to WALTER JANNEY, Inc., 417 Canal St., New York. Tel. 427-1111 and 416. At all good drug stores.

For all stomach and intestinal troubles and disturbances due to teething, there is nothing better than a safe Infants' and Children's Laxative.
MRS. WINSLOW'S SYRUP

Clean Up And Dress Up

And visit the Bonita Theatre for an evening of real entertainment.

The management asks the co-operation of the public in general in helping to keep peace and order in the show at all times. We have started a crusade for cleaning up the rowdiness around the theatre and two have already been barred from ever hanging around on the outside of the opera house by law for a period of ninety days each, and several others awaiting trial. We ask our friends to help us break up this rowdiness by reporting any disturbance to us, or Chief of Police.

We are closing the theatre from June 1st to 14th, for the Presbyterian revival services which begin May 31st, except on Saturdays, which days we will have good shows. Show starts at 7 p. m. and 8:15 p. m.

Yours for a real clean up and paint up campaign.
