AN ORDINANCE. Be it unanimously ordained by the Mayor and Board of Commissioners of the Town of Murphy: That the ordinance regulating parking of motor vehicles adopted September 25th, 1923, be and the same is hereby amended by adding a section thereto as follows: Sec. 9. That it shall hereafter be unlawful for any person operating a motor vehicle to cross the spaces designated for parking of vehicles without coming to a complete stop. Any person violating this additional section shall upon conviction pay a fine of twenty-five dollars. Sec. 10. That it shall hereafter be unlawful for any person to operate a motor vehicle within the limits of the town of Murphy without the said vehicle bearing a state license plate. Any person violating this section shall upon conviction pay a fine of twenty-five dollars. Sec. 11. That it shall hereafter be unlawful for any person to park an automobile or other vehicle on the grass on Peachtree Street between Central Avenue and Valentine Avenue. Any person violating this section shall upon conviction pay a fine of ten dollars.

MARBLE NEWS. Mr. Richard J. Smith, with the R. J. Reynolds Tobacco Co., arrived at Marble last Saturday night, to spend his vacation with his parents, Rev. and Mrs. A. B. Smith. The concrete is being rapidly poured on that part of No. 10, Andrews to Marble. More than two miles of concreted road below Andrews is now open to travel; and this road is said to be a "Daisy", too. We understand that the road from Tomolia to Murphy is now closed, on account of pouring of concrete on that part of the road from Hayes', Harbin's, Regal to the County Home.

Mr. Richard J. Smith, the Reynolds Tobacco Man, and his sister, Miss Smith, drove to Haynesville last Sunday afternoon to call on friends. Rev. A. P. Smith lived at Haynesville several years serving the Baptist Church, and the family are much endeared to Haynesville and Clay County people. Mr. Hary Quintrell, with the Regal Blue Marble Co., Coalville, will move his family from Murganton, Ga., to Marble soon, so we are told. The Marble Springs Baptist Church Rev. Algia West pastor, observed the Lord's Supper following preaching at 11 o'clock services last Lord's Day. The grain crop, mostly rye, around Marble is harvested; and it is said to be good. Lots of pulp wood being shipped from Marble; "crops are good" and the people ought to be happy. "Let every thing that hath breath praise The Lord."

LUDEN'S MENTHOL COUGH DROPS for nose and throat Give Quick Relief

Stop That Bachache!

Many Murphy Folks Have Found the Way. Is a dull, nerve-racking bachache wearing you out? Do you feel older and slower than you should? Are you tired, weak and nervous; find it impossible to be happy, or enjoy the good times around you? Then there's something wrong and likely it's your kidneys. Why not get at the cause? Use Doan's Pills—a stimulant diuretic to the kidneys. Thousands recommend Doan's. Read what a resident of this locality says: W. A. Brown, 13 Wootrow St., Asheville, N. C., says: "When I bent over, sharp pains shot through my back, and mornings, I was lame and sore. I had dizzy spells and, too, my kidneys were weak and out of order and the secretions pained in passage. After using Doan's Pills, I was entirely cured." (Statement given April 20, 1918.) On January 11, 1922, Mr. Brown said: "I have had no need to use Doan's since they cured me." 60c, at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv.

WOLF CREEK. Mr. and Mrs. J. M. Garrison and Mr. and Mrs. W. A. Burgess motored over a part of the Hot House road Sunday and feel sure that Engineer Pritchett was right in recommending that the State take it over for maintenance.

The weather here remains hot and dry, but our farmers are very much encouraged over the dark color of their corn crop, even if the potato crop will be light.

Mr. John Cole now has his saw-mill running in fine shape. It means much to the people of Wolf Creek as they can secure all lumber needed for repairing, etc., without having to haul so far as usual.

Some of the whooping cough patients here were very sick last week but are better at this writing.

Our farmers are now beginning to do some haying. The crop seems to be a little light on account of so much dry weather.

All present seemed to enjoy the singing at the Rural school house Sunday night.

Several of our younger people are planning on attending the "all-day Singing" at Mt. Pleasant church, between Sweet Gum and Culberson, on the fourth Sunday.

It is too bad (?) that "Moon-shiners" will put out poisoned whiskey. One of the neighbors inhaled about a quart of the stuff last week, at one sitting and came near dying, as a result. Moral: Touch not, taste not, nor handle not the outlawed stuff.

It takes at least 20 tons of water to produce one-half of a ton of weeds and this is a good argument for keeping them out of the fields this summer, say agronomy workers at State College.

Hauling Ever-Increasing Quantities of Mail. Why is the Post Office Department of the United States more efficient than that of any other nation? Why do our mails move faster and at lower rates than mails in any other country? One of the principal reasons is that the great transportation lines of America lend their heartiest co-operation to the Postal Authorities, providing fastest schedules, and charging the Government very low rates for this service. Latest available figures show that the receipts of the United States Post Office Department have increased \$40,000,000 over the corresponding period of the year previous, an increase of about 9%. The railroads of the United States are not only performing a great task in providing the world's best freight and passenger transportation, but they are facilitating the Post Office Department to such an extent that you enjoy exceptional mail service.
