

Walker Is Principal Speaker At Formal Highway Opening

(Continued from page 1)

ists over this mountain highway. in the immediate future.

The celebration began at Neels Gap Saturday morning. This gap is about fourteen miles south of Blairsville, Georgia, and was named in honor of the Georgia State Highway Engineer, W. R. Neel, who has been in charge of Georgia road program and is given the credit for the conquering of this mountain barrier which has bottled up this mountain territory heretofore. At the Gap, Senator E. H. Stone, of Georgia was in charge of the program which consisted of speeches by the Georgia governor, members of the two branches of the Legislators members of the Highway Commission and other prominent citizens. There, as here, the lead that North Carolina has set in highway building and education was again and again referred to and the people of Georgia pledged themselves through their spokesmen to undertake similar programs during the present session.

Following the speaking at the Gap, a barbecue was served some seven or eight thousand people who had gathered there from all parts of Georgia, Western North Carolina and East Tennessee. A thunder storm at the Gap tended to disorganize the party and caused a portion of it to return home. However, the governor and probably half the members of his Legislature with some 2500 citizens from adjoining counties came over to Murphy at various times during the afternoon. The crowd for the concluding celebration here last Saturday was variously estimated at from seven to eight thousand people. Murphy's reception committee received the visitors on the public square, assigning the governor's party and the members of the Georgia Legislature who were the special guests of the town, rooms at the hotels and homes of the people.

Following supper, the delegates and other visitors gathered on the public square and enjoyed a band concert by the Murphy band, which then led the way to Cherokee Park where the speaking and fireworks were had. Seats were provided for the huge crowd at the grandstands on the park and in the hundreds of automobiles which were parked on every side of the ten-acre playground. Upon the arrival at this park, President Don Witherspoon, of the Murphy Chamber of Commerce, and Governor Walker, legislative members, Atlanta Chamber of Commerce officials and others exchanged filicitations. While Mr. Witherspoon was welcoming the guests a 6 by 8 feet sign bearing the words in many colors "Welcome to Murphy," burned at the opposite side of the park in view of all. Immediately following the conclusion of the speeches a large American flag in the tricolors of America was set off.

Included in the fireworks display which lasted an hour, were hundreds of Roman candles, skyrocket, stars, bombs, spinning wheels, and other special pieces too numerous to mention. This display was declared by many to be the most beautiful ever seen. The visitors were pleased with the reception received in Murphy and many remarked on the hospitality of the Tar Heels and the beauty of the little mountain city. The reception committee was headed by W. M. Fain, Mayor, and Mesdames E. B. Norvell, H. G. Elkins, C. W. Bailey G. A. Hasty, and Secretary B. W. Sipe, of the Chamber of Commerce J. W. Davidson, J. B. Story, F. S. Hill, W. D. Townson, E. P. Hawkins, H. G. Elkins and others.

Governor Walker, the members of the Georgia legislature and many other visitors spent the night here and returned to their homes Sunday

Cites Federal Act To Sustain Indians

Thousands of Chicks For Clay

Willard R. Anderson, of Clay County, has the enviable reputation of being a hard worker. His most recent accomplishment was to bring 15,000 baby chicks to stimulate the poultry industry of his county. This was done in cooperation with his supporting organization, the Clay County Farmers Cooperative Association. An average of 400 chicks were bought by each farmer participating in the project.

Mr. Anderson is shown here with a shipment of the 15,000 baby chicks put out in Clay County recently. "Uncle Ned" Wadlin, expert poultryman of the extension department of the North Carolina State College of Agriculture and engineering, is seen standing at the right—Photo courtesy Extension Farm News.

COW IS SAID TO HAVE HAD RABIES

A telegram was received Wednesday afternoon By Dr. J. N. Hill stating that the head of the cow sent to Raleigh a few days ago indicated that the animal was afflicted with the rabies. The cow lacerated the hand of Mr. Paul Platt of Oregeta a few days ago when he attempted to give her medicine as she appeared sick. While working with her she became frenzied and injured Mr. Platt's hand. The animal died rather suddenly and acting upon the suggestion of some of his neighbors that she might be infected with hydrophobia, as a dog had been known to be in the lot with the cow a few days before, Mr. Platt had the head severed from the animal's body and sent to the State Laboratory of Hygiene at Raleigh with the results as noted above.

Also a few days ago Mr. G. E. Dickey sent the head of a dog, which had bitten a child in the Culberston section, to the State laboratory for examination. The report Wednesday showed that the animal was free from rabies.

Whiskey Car Seized and Occupant In Jail

Thursday last week Chief of police D. M. Birchfield and Deputy J. F. Dewese seized a car containing four gallons of Whiskey on the highway to Hayesville near the Brasstown bridge on the Clay County line. The officers arrested Vance Matheson on a charge of transporting whiskey and committed him to jail, where he remains in default of bond which was placed at \$500.00. Another occupant of the car jumped out when stopped by the officers and made good his escape under cover of darkness.

WOLF CREEK

There was much rejoicing here last week when the word reached us that the Tennessee Road officials had met our official and assured him that they would meet us with a road at the An-Jellico Gap, and thus put the last detail in working order that assures the State taking over the Hot-House road.

Everything was quiet in our immediate section the 4th, but several were arrested in the Ducktown basin for drunkenness.

A few of our people attended the picnic at Epworth, Ga., Saturday.

Mr. A. J. Simonds made a trip to Hayden Bell, a Justice of the Peace in Copperhill, shot and seriously wounded James Craig after he had "bluffed" two or three deputy sheriffs and had drawn his gun on Esq. Bell. Craig had killed two men at one time, a few years ago, at Isabella, and had shot another at Ducktown about a year ago, but had not been arrested for the latter. He was tried on one of the homicide cases and given ten years in the State Prison, but served only about one year when he was pardoned out.

The grade work on the Hot House road was suspended last week until a State Engineer comes to take charge of it.

It continues very dry here. Some of our oldest farmers say they have never seen the corn wilt so before.

DR. HUMPHREYS' "24" TONIC TABLETS BUILD YOU UP

A petition was circulated here some days ago asking Mr. H. D. Smith, County Engineer, to locate the Hot House road a little lower down the creek and thus eliminate some very objectional crooks, secure a better grade for both mountains, and shorten three community roads, without lengthening the main highway.

A report is current here that Mr. Hayden Bell, a Justice of the Peace in Copperhill, shot and seriously wounded James Craig after he had "bluffed" two or three deputy sheriffs and had drawn his gun on Esq. Bell. Craig had killed two men at one time, a few years ago, at Isabella, and had shot another at Ducktown about a year ago, but had not been arrested for the latter. He was tried on one of the homicide cases and given ten years in the State Prison, but served only about one year when he was pardoned out.
