**SWAIN COUNTY GOES**

**OVER THE TOP AT THE FIRST CALL**

**Quota of \$25,000 For The Smoky Mountain National Park Over-subscribed in a Few Minutes**

In last week's Times we were told in a despatch from Washington that "North Carolina and Tennessee must raise a racket to get the Smoky Mountain National Park. We must raise a million dollars in the two states, and we must do it quickly."

In the same issue a mass meeting was called, to be held in the court house at Bryson City, which was to start the drive in Swain county for our allotted share of the subscriptions.

About two hundred citizens gathered there last Saturday night, including many ladies. There would have been a large attendance if the state of the roads had permitted, but Bryson City just now is bottled up, with highway construction in progress on the east, west and north, and has detours everywhere. So there were not many attending from out of town.

The meeting was called to order, and its objects explained in a pithy speech by Dr. Dan Bryson, president of the Swain County Chamber of Commerce.

Quick-fire addresses were made by mayor O. P. Williams, McKinley Edwards, S. E. Varnér, J. H. Harwood, Mr. Sprague of New York, manager of the Park campaign for funds, and others. By the time Judge T. D. Bryson had made one of his ringing appeals the audience was worked up in to a fine fervor of public spirit and was clamoring for subscription blanks.

The chairman of the County Com-

**Does Excess Uric Acid in Your System Make You Miserable?**

New Brunswick, N. J.—"I have never taken a medicine that helped my kidneys like Dr. Pierce's Anuric Tablets. I suffered for some time with bad kidneys; they were inactive, congested and sore. I had a lot of pain and distress thru my back, across my kidneys and under my shoulder blades. My head was heavy and felt mean all the time, my feet and ankles would swell too. My system was full of uric acid. I was weak, had no strength or energy, but after taking Dr. Pierce's Anuric Tablets all my troubles disappeared and I got well and strong. Anuric cleared my system of the excess uric acid and I did not have any more distress or pains any place in my body."—Mrs. Carrie Fallow, 116 Green St.

This anti-uric acid remedy of Dr. Pierce's (called "An-uric") is new, but it can be had at your neighborhood store, or send 10c for trial pkg. to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., and write for free, confidential advice.

**Governor McLean On the Front Steps of the Mansion Buying Christmas Seals From a Modern Health Crusader**

Governor McLean issued the following statement in regard to the Seal Sale and in regard to the work of the National and State Associations today:

"Industrial competency and civic efficiency would be of little avail if there is serious impairment of the health of the citizen, and therefore good health conditions are most essential to the progressive development of the State. The good health of the citizen is both an individual and a state asset. One of the most significant aspects of modern conservation is a high regard for the health of the community."

"The National Tuberculosis Association and the North Carolina Tuberculosis Association have done much in reducing annually the large number of deaths among our people from tuberculosis. We are told by the North Carolina Tuberculosis Association and the Bureau of Vital Statistics of the State Board of Health that the actual number of deaths from tuberculosis in our State is about twenty-four hundred less annually than it was ten or eleven years ago. And now we are told that these associations are devoting a considerable portion of their activities to the undernourished child. I commend this work to the people of our State."

"The work of both the National Tuberculosis Association and the North Carolina Tuberculosis Association is made possible by the annual sale of the Christmas Seals which takes place from Thanksgiving to Christmas. I especially commend this worthy cause to the people of our State at the present time."

missioners, J. Z. Wright, led off with a subscription by Swain County of \$5,000 for a starter. The Board of Aldermen of Bryson City followed with \$1,000 for the town.

As soon as the result was announced the Bryson City Drug Co. telephoned it to a broadcasting station in Nashville, and five minutes later the crowd in the drug store heard the news coming back to them by radio message that had been sent all over the United States. Soon Atlanta wired congratulations. Asheville got the news at once from special correspondent and next morning's Asheville and Knoxville papers were out with the jubilant tidings that Swain County had hopped in ahead of schedule time and had put the thing over with a bang.

Here at home the folks ran around happily shaking hands. They just KNEW that we were going to get the park and they felt a well justified pride in Swain County's prompt proof of her public spirit. The few doubters and knockers and prophets of disaster, such as every community is afflicted with, crawled off somewhere and had nothing to say—Bryson City Times.

intersect at this Indianapolis corner.

More than 75 per cent of the cross-country north, south, east and westbound tourists use these two highways, according to E. W. Steinhart, president of the Hoosier State Automobile association. Mr. Steinhart instigated the plan to locate "the cross-roads of the nation" in Indianapolis.

**Strange Power of Mexican Mustang Liniment**

Penetrates Through the Skin to the Bone—Drives Out Rheumatic Aches, Heals Cuts, Bruises and Sores

Sufferers from rheumatic aches and pains and those who are troubled with sore muscles or stiffened joints can get wonderful and quick relief through the use of a preparation known as Mexican Mustang Liniment. It seems to possess the magic power to penetrate through the surface of the skin, direct to the very bone and its action brings healing and quieting and a complete end to pain.

It is said the Mexican Mustang noted for its speed was kept in condition and kept limber and flexible by this same liniment. The almost magic effect of Mexican Mustang Liniment for human use to relieve pain and for healing cuts and bruises, makes it a very necessary home remedy. All druggists and wholesalers sell Mustang Liniment or can get it for you

Morganton and Blairsville Basketball teams had a lively game last Friday afternoon in spite of the rain.

Mrs. Dollie Holder has been on the sick list for the past week.

Mr. George Reid spent a few days in Charlotte, N. C. last week, returning home last Monday.

Messrs Black and Bell who have charge of the asphaltting of the roads in our county have discontinued work until spring.

A large crowd pounded the Methodist preacher last Saturday night. He received a large supply of groceries.

Mrs. Blanche Nuite has been sick for the past few days, but is very much improved now.

Col. and Joe Underwood of Cleveland, Ga. were the guests of Col. and Mrs. W. E. Candler last week-end.

The Blairsville Basket Ball team played Chatahooc High School last Monday at Clermont, several attended the game from here.

Prof. Hubert Butt of Young Harris spent the week-end at home.

(Continued from page 1)

under whose direction the National Parks are administered. A Federal Park Commission, appointed by Secretary Work to select sites for a National Park in the Southern Appalachians reported that of the sections visited, the Great Smokes "easily stand first because of the height of mountains, depth of valleys, ruggedness of area, and unexampled variety of trees, shrubs and plants". Under an act of Congress, approved by President Coolidge February 21, 1925, appointment of a commission was authorized whose duties were to set the boundaries of such portions of the Great Smoky Mountains as were desirable for Park purposes, to receive definite offers of lands and money, and obtain options on

Park lands. An appropriation of \$20,000 for the work of the commission was authorized, and approved by the President and the Budget Bureau. The Commission, which is at work mapping the boundaries of the proposed Great Smoky Mountains Park, is headed by Representative H. W. Temple of Pennsylvania, and is made up of four nationally-known park experts—Major W. A. Welsh, Manager of Palisades Inté-State Park of New York and New Jersey; Harlan P. Kelsoy, President of the Appalachian Mountain Club; W. C. Grazer, of the National Parks Service, and Col. Glenn S. Smith of the United States Geological Survey. The Inter-State Committee of Co-ordination consists of six members, three from each State. The Tennessee delegation consists of Col. D. C. Chapman, Chairman of the Committee, Mayor E. A. Morton, and Dr. Herbert Acuff, all of Knoxville. The North Carolina members are State Senator Mark Squires, Chairman of the North Carolina Park Commission; State Senator P. D. Ebbs of Asheville, Secretary of the Committee, and Charles A. Webb, also of Asheville.
