

A COMMUNITY

The Development Of An Idea

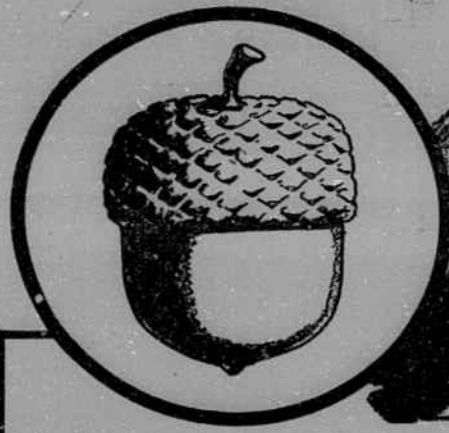

Years ago this community was but an idea. Today our happy home life is made possible because the development of that idea stands as a milestone on the road to greater future growth, greater future prosperity and a greater home community.

The consummation of our ideas, the realization of our dreams, the achievement of our plans rests upon a common foundation—the united efforts of every member of this community toward developing our idea of what we want this town and community to be.

Be loyal to Murphy to its enterprises. Trade at home and help keep our money at home.

An acorn is a small thing, but the old adage: "Large trees from small acorns grow" is true beyond a doubt. So it is with the dollar. If kept at home, it circulates at home—and comes back to you in in better schools, better churches, better civic improvements—better everything.

Let's resolve that during the year 1926 we will do our utmost to keep the fifty or seventy-five thousand dollars that annually go out of this community at home.

The firms listed below have underwritten this series of page advertisements. They are for Progress and make a special bid for your patronage
