Mrs. Hulda Pastell, died on January 24th about 8 A. M. Her death was a great shock to her many relatives and friends. She had been in poor health for several years. In 1925 she visited her sons and friends in Chicago, staying a period of about six months, while there her sons traveled in several sections of the country with her by auto and two trips across Lake Michigan to Muskegan, Mich. by boat. She was a faithful Christian belonging to the Baptist church from her early youth. Funeral services were held up until the 27th, 11 A. M. for the arrival of her three sons from the north. She was buried in the cemetery at Red Marble, Rev. W. B. Matheson conducting the funeral services. There was a great audience of people, consisting of her relatives and friends, at the funeral services to mourn the loss of their beloved friend, Mr. Henry Pastell, with his great class of singers sang some wonderful songs.

Rev. Thomas K. Pastell, the great Evangelist, who is well known all over the land and country, passed away February 5th at 6 A. M. He began preaching at the age of 16 when a boy. When he died he was 58 years old. He had recently held a series of meetings in Barnard, Kansas, where thousands of people gathered to hear his great sermons. He was visiting relatives and friends there. Three weeks ago he came here to visit relatives and friends, and as he came through Murphy he delivered a great sermon there which was the last great sermon he ever preached. He had promised the people in Murphy that he would come back in a week or so and hold a two weeks series of meetings, but on his arrival to his brother's home Joseph Pastell, his health began to decline so much that he could not fulfill his appointment. He was a Veteran of the Civil War, being captured at one time in a great battle. He was a member of the Masonic order of high degree said a great instructor. He was buried Saturday, 3:30 P. M. at Red Marble cemetery. Rev. W. B. Matheson conducted their funeral services. There was a great audience of people at the funeral to pay tribute to the great Evangelist. Mr. Henry Pastell with his well trained class of singers, sang some noble and grand songs.

Christopher Columbus was a man that had great dreams, consisting of this great continent on which we live and exploring parts thereof. The people, in Graham County, like the Navigator, have had dreams that some day their fertile soil and the great forest products, that abound in Graham County, would some day amount to more than a mere dream. The time is now here that the people in Graham County see good high-

east of No. 467 in district No. 6, on the waters of Fadder's Creek and runs North 45 degrees East 126 poles to a chestnut oak; thence South 40 degrees east 62 poles to a stake; thence South 45 degrees West 120 poles to a stake on the line of No. 991; thence with that line North 40 degrees West to the beginning.

Tract No. 3. Also that part of a tract No. 511 which runs on the right hand side of adjoining Andy Earwood's tract, containing one acre and bounded as follows:

Beginning on a white oak and runs in a North direction with the Jones H. Bryson line to a stake at the wagon road; thence an eastern direction to a stake; thence in a Northern direction to a stake; thence an eastern direction to the beginning.

ways and a railroad running through their fertile soil and the great forest product. Graham's fertile soil and forest product is now available in which the soil can be tilled for a great profit and the forest product manufactured in every useful thing at a great profit which will give the people employment and thousands of others. Still this is not all the great enterprises that are being sought in Graham County, there is being planned one of the greatest lakes and dams that the country ever saw. The people in Graham County are all busy, they have plenty of work and the county is greatly progressing. People from other parts of the country are seeking lands and homes in Graham County. They do not stand back on the price very much, but they say lets go!

Rev. W. B. Matheson, pastor of the Bear Creek Church, gave the large congregations on Saturday and Sunday some mighty good sermons.

Dewey Pastell, Roy Pastell and Fulton Pastell have returned back north. They would have been glad to have remained longer but their vacations would not permit. However, they expect to visit in the summer on their vacation.

There is three stores now at Sweetgum, Z. V. Cooper, John A. Rogers and A. L. Pastell. All the stores seem to be doing a very good business.

P. R. Griffith has his saw mill located at Sweetgum, and is doing a good sawmill business. He gets more orders for building material than he can get cut—although he is running six days in a week.

Sweetgum is growing in population very fast. Business enterprises are steadily growing and increasing. There is no postoffice at Sweetgum for the convenience of the people, but the people have now deemed it necessary to have a postoffice, therefore, they have urged Mr. A. L. Pastell to petition the Postoffice department for a postoffice here.

The people have all signed the petition and have written several personal letters accompanying the petition to the department. The petition and letters have gone forward to the department for their decision and the people are in great hope that the department's decision will be favorable. The people have unanimously selected Mr. A. L. Pastell for their postmaster in the event that the department gives them one. Mr. Pastell is eminently qualified for the position and is a great booster in our community. He is greatly esteemed by all the people. They greatly admire him for his eminently good work in the profes-

sion of teaching schools throughout the county. Before the High School at Robbinsville was completed he was principal of the Sweetgum School, teaching the best school that had been taught in the county.

Ransom Ayers has just sold his farm for \$3000.00 and in turn purchased one of John A. Roger's farms paying \$3500.00.

F. O. Colvard has just sold one of his farms to Harrison Nichols, who is a resident of Cherokee County but now will soon be a resident of Graham County. Mr. Nichols paid Mr. Colvard around \$1000.00 for his farm.

O. C. Hall, agent for the Southern Railway Co., Topton rode one of his little black mules home Saturday afternoon. Mr. Hall lives at Kyle, N. C. He returned late Sunday evening and resumed his duties Monday morning. Mr. Hall, has informed Mr. A. L. Pastell, extra Agent-Operator, that he will ask the company for a three months leave of absence, taking effect about April 1st, and that Mr. Pastell will relieve him during his absence.

Stop Night Cough This New Way

Quick Relief Through Simple Treatment

Thousands who have been unable to sleep nights due to irritating night coughing can now obtain practically instant relief and sleep soundly the very first night—through a simple but wonderfully effective treatment.

This treatment is based on the prescription known as Dr. King's New Discovery for Coughs. You take just one teaspoonful at bed-time and hold it in your throat for 15 or 20 seconds before swallowing it. The prescription has a double action. It not only soothes and heals soreness and irritation, but it quickly removes the phlegm and congestion which are the real cause of night coughing. So with the throat soothed and cleared, coughing stops quickly, you sleep undisturbed, and the entire cough condition soon disappears.

Dr. King's New Discovery is for coughs, chest colds, sore throat, hoarseness, bronchitis, spasmodic croup, etc. Fine for children as well as grown-ups—no harmful drugs. Economical, too, as the dose is only one teaspoonful. At all good druggists. Ask for

Five Fruit Trees

with a yearly subscription to

The Cherokee Scout and the Southern Ruralist for 1 year \$2.00

Through special arrangement with a leading Southern Nursery we are able to offer our subscribers a year's subscription to The Cherokee Scout and the Southern Ruralist, together with the splendid fruit trees described below at a remarkable saving for a limited time only.

This special combination consists of the following trees: One Japanese Plum, one Apricot, one Early Elberta Peach, one Elberta Peach, and one J. H. Hale Peach, each shipment delivered prepaid to your mailbox in waterproof package and both papers for only \$2.00.

THIS IS THE BEST OFFER WE CAN POSSIBLY MAKE—SEND YOUR ORDER BEFORE OFFER IS WITHDRAWN

Description of Trees:

- 1. THE JAPANESE PLUM is a strong growing ornamental tree with light green foliage and attractive bloom wonderfully productive and usually begins bearing the second or third year after planting. Fruit is large fine quality, with firm, meaty flesh.
2. THE APRICOT ripens between Cherries and Peaches. As hardy as the Peach, should be planted on a northern or western exposure to prevent early blooming; giving the same treatment for curculio as the plum. Set trees 15 to 18 feet apart.
3. EARLY ELBERTA. Freestone; mid-season, yellow. The Early Elberta is truly named. It is of the Elberta type, large, golden yellow. The flesh is yellow like the Elberta but far better quality, sweeter and finer grained. The tree is a strong grower and adapted to all peach growing regions.
4. ELBERTA. The greatest commercial peach on the market today, because it is well known the world over. This variety is very popular all over the country and there are more of these grown than any other kind. The tree is very hardy, productive and uniform cropper. The fruit is large, yellow with red cheek. It is juicy, large, golden yellow. The flesh is yellow, freestone, and highly flavored.
5. J. H. HALE. Huge, beautiful, golden, freestone, solid, delicious, round as a ball, a great shipper, a splendid keeper, brings top prices and

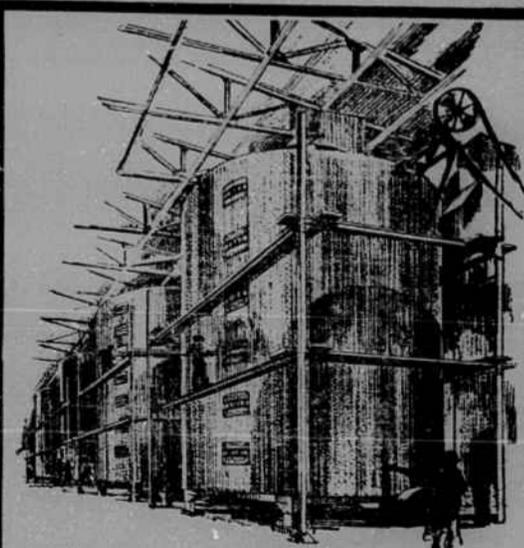

big profits, vigorous, sturdy trees. Sensation of the twentieth century, and is being planted by thousands of growers. In size it is about one-third larger than Elberta and is more highly colored. The pit separates easily from the flesh. It is exceptionally valuable as a commercial peach owing to its unusual keeping qualities. Will ship nearly as well as an apple. Your collection is incomplete without this variety.

NOTE: Every tree absolutely genuine, propagated from bearing orchards of the very best. Many nurserymen cannot furnish the early Elberta and the J. H. Hale. They are specials and very desirable. This is the best offer you will receive this season.

THE more effective fertilizer cannot be made with a shovel. It's more than a mere matter of mixing. What to mix, how to prepare it for mixing, how to mix it and what to do with it after it is mixed are a few of the problems that can't be solved with a wheelbarrow. The illustration above shows one of the processes of fertilizer manufacture in one of the Royster plants.
