(Continued from page 1)

of Fisheries. Not less than three hundred thousand bass, twenty million shad and quite a number of various other species should be distributed from the Edenton station this year.

People in the State who would like to have fish for their ponds, lakes or streams should send in their applications in due time. State application blanks will be furnished upon application by the fisheries Commission Office, Morehead City, N. C., or by either of the Hatchery Superintendents, and Federal application blanks may be had by writing the U. S. Bureau of Fisheries, Washington, D. C. Write for blanks at once. Applications on file that could not be filled last year will receive attention first this season, and such as be cannot filled this year will be filed for first attention next season.

**Prosperous Dairy Year Shown by Butter Prices**

THE 1925 butter market reveals a prosperous condition in the dairy industry, according to the year-end agricultural review of the Larrowe Institute of Animal Economics. Although butter production during the first nine months of the past year seems to have lagged behind the corresponding period in the year previous, it was larger during the last quarter of 1925 than in the corresponding period of 1924. Beginning with October, receipts were the largest on record at this season of the year. For the year as a whole they were about 3 per cent less than in 1924.

Prices averaged higher than in 1924. The average wholesale price of 92 score creamery butter on the New York market in 1925 was approximately 45 cents a pound compared with 43 cents the year previous. Highest 1925 prices were received in October and November when weekly averages reached 42 and 51.5 cents, respectively.

**CULBERSON**

Miss Arabel Cearley, of Murphy, was the guest of Miss Lelia Mason Saturday.

Mrs. W. C. Mason made a business trip to Copperhill this week.

Dr. N. B. Adams, of Murphy, was called to the bedside of Silas Goforth, whose condition was serious, but is better at this writing.

Mr. L. E. York has returned home after an extended visit to Winston-Salem and other North Carolina points.

Mr. L. M. Shields made a business trip to Etowah last week.

Mr. A. K. Dickey, of Murphy, was in town a few days ago buying mules for the Southern markets.

Mr. T. J. Shearer spent last week at his old home at Shoal Creek.

Miss Lelia Mason has returned home after a visit to her sister in Farmer, Tenn.

Mrs. Letha Anderson, who has been on the sick list, is better at this writing.

Mr. and Mrs. Maibert Kilpatrick, of Ranger, visited Mr. and Mrs. T. J. Shearer Sunday.

C. S. Burger and family left last week for Ramhurst, Ga., where he has bought a farm and intends to make it their home.

**MARBLE**

One of Marble's enterprising merchants, Ben Mintz, has tenanted the new addition to his dwelling house with his father and mother, Mr. and Mrs. Jim Mintz, whom he lately moved over from Hangingdog. It is fine of Ben to make his aged parents comfortable in his own home. Most children nowadays too easily forget their parents—"they are old, childish, troublesome", so the "grown up children" go off into the world for themselves, and let Dad and Mom tough it out the best they can.

Mr. N. W. Abernathy built a cozy, comfortable, home for his father and mother some years ago, and moved them in. Fat Noah looks personally after his parents also.

Mr. and Mrs. Linford Abernathy are the parents of Mrs. Jim Mintz too.

By the way, Marble—and near Marble—is largely settled with Hangingdog people; and they are good folks, too.

Mr. Bob Parter, Andrews, was down in Marble last 17th, looking after real estate, we surmise.

Miss Vester West, who was lately successfully operated for appendicitis came home from the hospital last week, well.

**How Doctors Treat Colds and the Flu**

relaters nor thinkers, they so often speak of others.

We are indeed glad to report that Melvin Barnes is sufficiently well to return to the mill, and that Mrs. Barnes is better.

Mrs. Gus Parker is resting this morning—Tuesday.

"This great lesson is still binding: We owe our government obedience and respect. Our want of respect for the government is a growing evil. The way the prohibition law is flouted is a menace to the future. Whether we like a law or not, it is our duty to obey it as long as it is the law." Those who do not obey the law are in anarchy to the law; to the state and nation.

"Drink has increased under prohibition" (?) The Bureau of Census (Government) shows that drunkenness decreased 55.3 per cent from 1910 to 1923. How can one who regards his word say that drinking has increased? The death rate—despite poisoned liquor—has greatly decreased since prohibition, so the statistics show. Before prohibition there were 275 drink cures running at full capacity; now there are only 27 and some of the 27 are purely alcoholic cures. The same government statistics show a tremendous crime decrease since prohibition; notwithstanding the liquor people's charge to the contrary.

Lots of people have colds. Some of the school children have—or have had mumps.

Preacher Smith was confined to his house much of last week—and this week also—with cold.

"Sound goes around the world, is announced, in the fraction of a second, but the record still is held by scandal,"—Detroit News.

Better look out when you speak scandal. "Woe unto you," ye liquor venders and bibbers when you speak falsely of prohibition.

"Most people do their thinking as partisans," and, as partisans—not

**Back Lame and Achy?**

The Advice of This Nearby Resident Should Help You to Get Well

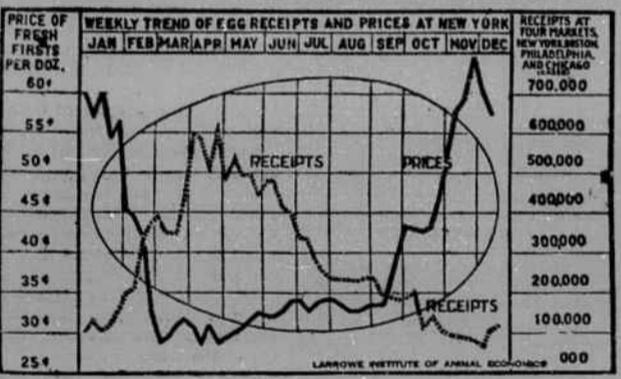

Do you suffer nagging headache? Feel dizzy, nervous and depressed? Are the kidney secretions irregular; breaking your rest? Likely kidneys give warning. You have a headache; rheumatic twinges. You feel weak, tired, all worn out. Heed the warning. Don't delay! Use Doan's Pills—a stimulant diuretic to the kidneys.

Thousands recommend Doan's. Here's an example:

H. G. Rogers, brakeman, Railroad St., Brevard, N. C., says: "My back ached and when I bent over I could hardly straighten. I had headaches and dizzy spells when black specks appeared before my eyes. I was lame mornings and my kidneys didn't act as they should. Hearing of Doan's Pills, I got a supply and used them. I soon felt like myself."

**Egg Eaters Increase in 1925 Prices Highest in Five Years**

Egg prices during the past year were higher than they have been since 1920, according to the annual review of the egg market made by the Larrowe Institute of Animal Economics. While there has been very little difference in the total production this past year as compared to 1924, the higher prices during 1925 indicate larger consumer demand.

**Cow Uses Four Stomachs to Digest Its Daily Food**

All the four stomachs of the dairy cow must work as a unit if she is to produce the most milk year after year, states the Larrowe Institute of Animal Economics. The first stomach serves as a storehouse for bulky feeds and the second as a separator room, while the third stomach acts as a wringer to squeeze out water from the food, leaving it in a mealy condition, ready for the fourth stomach, where real digestion begins.

How the four stomachs, backed by a plentiful supply of well-balanced feed and pure, fresh water, can be made to pay big profits, is well illustrated in the official cow-testing association record of Sadie, the world's second highest record grade cow. In one year through the stomachs of this plebeian daughter there passed 6,808 pounds of a prepared dairy ration, 777 pounds of dried beet pulp, 2,183 pounds of mixed clover hay and 5,182 pounds of corn silage, which were turned into 21,690 pounds of milk—enough to fill over 10,000 quart bottles! In other words, for every pound of grain entrusted by Sadie to her quartette of stomachs, they repaid with three pounds of milk in the bucket.

**Five Gals. Paint Free**

A large paint concern, in furtherance of an advertising and introductory campaign now in progress, offers to give, free of charge, five gallons of its best house paint, any color, to one property owner at each post office or on each rural route in this county. This concern wants its paint on a house in each locality this season which is the purpose of this remarkable offer. It also wants a local salesman in each county. Persons interested are requested to write the Central Oil Co., Dept. No. 755 Louisville, Ky.
