How Doctors Treat Colds and the Flu

To break up a cold overnight or to cut short an attack of grippe, influenza, sore throat or tonsillitis, physicians and druggists are now recommending Calotabs, the purified and refined calomel compound tablet that gives you the effects of calomel and salts combined, without the unpleasant effects of either.

One or two Calotabs at bed-time with a swallow of water,—that's all. No salts, no nausea nor the slightest interference with your eating, work or pleasure. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you please,—no danger.

Get a family package, containing full directions, only 35 cents. At any drug store. (adv)

NORTH CAROLINA—Cherokee County.

Notice is hereby given that a warrant of survey will be issued to the said Mrs. R. A. Dewar on or after the 25th day of March, 1926, if there is no protest filed in this office before said date for the above described lands.

This the 25th day of Feb., 1926. A. M. SIMONDS, Entry taker for Cherokee County (29-41-pd)

New Way to End Dangerous Cough

The most stubborn cough is relieved with the first dose, and is very often broken up entirely in 24 hours by a new method based on the famous Dr. King's New Discovery for Coughs.

Here is the method: You simply take one teaspoonful and hold it in your throat for 15 or 20 seconds before swallowing it. The prescription has a double action. It not only soothes and heals soreness and irritation, but also loosens and removes the phlegm and congestion which are the direct cause of the coughing. So with the cause removed, the severest cough usually disappears quickly.

Dr. King's New Discovery is for coughs, chest colds, bronchitis, spasmodic croup, etc. Fine for children, too—no harmful drugs. Very economical, as the dose is only one teaspoonful. At all good druggists. Ask for

said indebtedness, offer for sale at public auction, to the highest bidder for cash, on the 31st day of March, 1926, offer for sale at the court house door in Murphy, at eleven o'clock A. M., on said date, the following lands conveyed by said mortgage, to-wit:

In Beaverdam Township, beginning on a black oak, on top of the hill, and runs a North direction, with the top of the ridge 120 poles to a rock on top of the ridge; thence East 3 poles to a locust; thence South 39 poles to the top of the ridge to a black oak; thence Southeasterly direction about fifteen poles to a stake; then a Southwest direction with the original line to the pine corner about 80 poles to a black oak near the fence; then South 7 poles to a black jack, containing sixty acres, more or less.

American Railroads Operating With Remarkable Efficiency

Bettering all previous best records, even eclipsing the remarkable achievements of 1923 and 1924, American railroads during 1925, gave further evidence of their soundness and progressiveness. The public's attention is drawn to the following extraordinary record of accomplishments:

Handled the greatest freight traffic in history, measured by the number of cars loaded with revenue freight; the total number being 51,065,000.

Throughout the year, there were never less than 103,000 surplus freight cars and 4200 surplus locomotives in serviceable condition, thus virtually eliminating transportation delays.

Handled the greatest freight traffic for any month on record, in October, when it amounted to 5,537,468 carloads, exceeding by 15 percent the previous high record made in October, 1924.

Reached a total of 1,124,436 cars loaded, for the week ending August 29, the greatest for any one week on record, exceeding by 12,091 cars, or 1.1 percent the previous high record made in the week of October 25, 1924.

The average daily movement of all freight cars in October was 222 miles, which exceeded by one and one-half miles the previous high record.

Loading of merchandise and miscellaneous freight, including less-than-carload lot freight, during the year was the greatest on record, exceeding by more than two million cars the record of one year ago.

The average load of freight, per train, for the month of August, was 796 tons, the highest ever attained, being an increase of 26 tons over the previous record, made in October, 1924.

---and Now Tax Reduction Allowed

Effective at once, the delivered price of all Chevrolet Models is reduced. Chevrolet buyers will be given the benefit of the recent tax reduction though it does not become officially operative until March Twenty-ninth. Thus for the third time since the first of this year Chevrolet emphasizes its supremacy in dollar for dollar value.

First - - - Reduced Prices

Early in January Chevrolet announced sweeping price reductions.

Then - - - The Improved Chevrolet

Shortly thereafter the Improved Chevrolet was announced at these reduced prices. Instantly it met with such an increase in popularity that it became necessary to break all previous production records for January and February.

And Now - - - A Further Saving

Although the reduction in automobile taxes does not become officially effective for some time, the full amount of this reduction is now passed on to Chevrolet buyers. Thus Chevrolet again emphasizes that principle of value on which it has built the greatest success ever attained by any manufacturer of modern gear shift automobile. Come in! See the Improved Chevrolet! One ride will be a revelation.
