The acid-test of roofing is wear, wear, wear!

Just one place to test roofing—and that's up on the house-tops with the weather pounding away at it. Then the real quality behind a roofing is bound to show itself.

We know a roofing that's stood this test for many years. Barrett Roll Roofing! We strongly recommend it. It's made with plain or mineral surface. Never rots or rusts. Fire-safe. Come in. See it. Prices are easy.

We endorse Barrett Roofings

Neighbor—Nice-looking roofing. But how long will it wear? Farmer—Well—same stuff's been on my shed since I moved in here—and you know how long ago that was.

Barrett Roll Roofing gives years of weathertight service.

To save life and limb

THE peril of the road crossing has become a national problem with the multiplication of automobiles.

The Southern Railway System has eliminated 800 grade crossings, and is eliminating more every year, but over 6,000 remain to be separated on this system alone. The total cost to complete the work is a stupendous sum—probably half as much as the cost to build the railroads.

Even if the money were available, and the public willing to pay the increased freight and passenger rates necessary to provide a fair return on it, many years would be required to do the work.

Protection from the peril for the present generation at least must be found in some other way. Trains cannot stop at every crossing if they are to be run at the sustained speed expected by the public and required to carry the commerce of the country. The train crosses a highway about every mile. The motorist encounters a railroad only occasionally.

It is necessary, therefore, for the automobile driver to stop in order to avoid risk. No one who did this was ever killed.

It is better to save a life than to save a minute.

Grade crossing accidents can be prevented if you will approach the zone of danger determined to exercise caution For Your Own Protection.

SOUTHERN RAILWAY SYSTEM The Southern serves the South

Suffered weak, nervous

'I WAS in a very weakened, run-down condition, surely in need of a tonic and builder,' says Mrs. J. R. Wrenn, of Anna, Texas. 'I was so weak I had to go to bed, and kept getting weaker. I suffered with my back so much. I was very nervous, couldn't rest good at night. I couldn't eat anything—I just wasn't hungry. I had read so much of Cardui, I thought best to use it. I took seven or eight bottles, and by the time I had taken them I was stronger than I had been in several years. I can highly recommend Cardui.'

Thousands of other women have found that the tonic effects of the purely vegetable ingredients of Cardui were just what they needed to help restore their appetites, to help bring them easily and naturally back to normal health and strength. Its action has been found to be of great benefit in many common female ailments.

Buy it at your druggist's.
