A Good Name... priceless ~ and therefore jealously upheld

It is well known that the name DODGE BROTHERS is even more valuable than the vast works in which their product is built. DODGE BROTHERS have kept the faith, and implicit public confidence has been their reward. Year after year the car has continued to mature into a better and better product. Beauty has been added to dependability, comfort and silence to beauty. Endless refinements have been made, and the quality of every detail either maintained or improved. The result is a name that is altogether worthy of the remarkable public trust it inspires, and too priceless ever to jeopardize.
