**Bad Color (liver trouble)**

"OCCASIONALLY I am troubled with spells of constipation and inactive liver," says Mrs. John L. Pence, Broadway, Va. "I always use Theford's Black-Draught when I feel a spell of this kind coming on, for it saves me a bad headache. My color gets sallow at times. I get real yellow, showing that the trouble comes from the liver."  
"I have found Black-Draught to be the finest kind of a remedy for this. I take Black-Draught and make a tea out of it, and take it, along in small doses for several days. I have never found anything that served me so well."  
"Since I have known about Black-Draught, I have not suffered nearly so much with headache, caused from indigestion. If I find my tongue is coated, and I wake up with a bad taste in my mouth, I know I have been eating indiscreetly, and I immediately resort to Black-Draught to straighten me out."
