Suffered weak, nervous

"I WAS in a very weakened, run-down condition, surely in need of a tonic and builder," says Mrs. J. R. Wrenn, of Anna, Texas. "I was so weak I had to go to bed, and kept getting weaker. "I suffered with my back so much. I was very nervous, couldn't rest good at night. I couldn't eat anything—I just wasn't hungry. "I had read so much of Cardui, I thought best to use it. I took seven or eight bottles, and by the time I had taken them I was stronger than I had been in several years. I can highly recommend Cardui."

Thousands of other women have found that the tonic effects of the purely vegetable ingredients of Cardui were just what they needed to help restore their appetites, to help bring them easily and naturally back to normal health and strength. Its action has been found to be of great benefit in many common female ailments.

These Improvements are Important

There are two general classes of motor car improvements. Those made primarily for their effect on the public—and those made primarily for their effect upon the car.

You will perceive at once that Dodge Brothers new five-bearing crankshaft, two-unit starting and lighting system, air cleaner and other recent improvements, are the sort that represent genuine value.

They are sound and substantial betterments, producing definite and marked results, and as such they are typical of Dodge Brothers methods and product.

MERRY CHRISTMAS

It is very difficult to be merry at Christmas if the lack of money is pressing.

In the olde days, things were cheap and a little money went far. Light purses failed to make heavy hearts.

Nowadays, money is the largest single factor in making Christmas merry—that applies to your own as well as others.

To have money you must save. Save and spend wisely that you may create a bank account that will guarantee a merry and happy yuletide, in this and future years.
