BRASSTOW

Mr. McClain, agent for the Good Seed Company, of New York, has been in business with the writer since that he has traveled extensively over the south, visiting in the East that he could find a suitable place for the establishment of a large and modern road building of all the Southern States. Mr. McClain is now in the South Carolina, but has been living in this State for many years. He says, "The cleanest, and most modern road building found in the states at Waverlyville, N. C., and the cleanest and best in the state is to be found at Murphy, N. C."

Last Thursday night uncle Bill Waldroup was attempting to get a drink of water on their back porch, and before he got through the kitchen

EDDIE, THE AD MAN

ARI HAR! I JUST THOUGHT UP A WISE CRACK. D'YOU RECALL THE SMALL BOYS DEFINITION, "SALT IS WHAT MAKES THINGS TASTE BAD WHEN Y'DONT PUT ANY ON!" HEAR THE NEW ONE, "ADVERTISING IS WHAT PUTS BUSINESS ON THE BUM WHEN YOU DONT DO ANY." NOT BAD, EH?

HEALTH HINTS

Keep your vital organs active and you can forget about your health. Aid nature and she will repay you with renewed life. Since 1696, the sturdy Hollanders have guarded off kidney, liver, bladder, bowel troubles with their National Household Remedy—the original and genuine

en door he stumbled and fell over a jar which was sitting right near a shelf which Mr. Waldroup was feeling his way by. Mr. Waldroup cut a piece about 1 1/2 inches long on his back right over his left kidney, and bruised his back pretty badly. He has been unable to get about for the past few days. We hope that he will soon recover.

Mr. John Logan took his daughter, a young girl, to Franklin and had her tonsils removed last Sunday. Floanie has not made very good progress this week. We all hope that she may not get seriously bad from the operation.

Mr. Fred O. Seroggs, merchant at Brasstown, had the misfortune of breaking one of his ribs while backing his car at the lime kiln one day this week. Mr. Seroggs was leaning out of the car window and looking back when his car struck a rock and gave a heavy jolt. The jar of himself against the side of the car was the cause of the injury. Mr. Seroggs has had four ribs broken in the past five years, it is learned.

Mr. and Mrs. Howard Hall visited their people in Clay County over last week-end.

A Young Girl's Health is of Great Importance

Charlotte, N. C.—"Dr. Pierce's Favorite Prescription is the best medicine a woman or young girl can take for a rundown condition. When I was in a nervous and weakened state of health I found the 'Favorite Prescription' very beneficial in restoring me to health and strength. "And when my daughter was growing into womanhood she had a lot of trouble. She took the 'Favorite Prescription' and got along fine after that—developed into womanhood naturally. "I can also recommend Dr. Pierce's Golden Medical Discovery as a tonic and blood purifier."—Mrs. J. A. Michael, 702 E. 9th St. Dr. Pierce's famous family remedies can be procured from your druggist. Write Dr. Pierce, Buffalo, N. Y., for free advice.

SAILORS GREAT CONSUMERS OF SOFT DRINKS

Naval Men Find That for One Thing Carbonated Drinks Act as Preventive of Sickness

United States naval reports show that the bluejackets are large consumers of soft drinks and, according to C. K. Hoover, manager of the Coca-Cola Bottling Company, of Murphy, a fleet never starts on a long cruise without icing down enough carbonated drinks to supply a fair-sized city for months.

"The naval authorities are glad to encourage the men in their liking for these drinks," said Mr. Hoover, "for they recognize the healthful qualities of carbonated drinks as demonstrated by scientific tests. It has been proved, for instance, that even the dreaded typhoid bacillus is killed by carbon dioxide under pressure in a short time.

"Another thing, sailors find in some carbonated drinks a preventive of seasickness. This is especially true in the destroyer service, where the rolling of these short-beam vessels at high speed is so severe that it induces seasickness much more

YOUR LIVER needs attention if you are Bilious, Constipated, Headachy, Dizzy —if your breath is bad or tongue coated—take **LANE-BOTTLE** PARKER'S DRUG STORE

RELIEF FROM CURS OF CONSTIPATION

A Battle Creek physician says "Constipation is responsible for more misery than any other cause. But immediate relief has been found. A tablet called Rexalderies has been discovered. It attracts water from the into the lazy, dry, evacuated called the colon. The water the dry food waste and causes it, thorough, natural movement without forming a habit or creating the dose. Stop suffering from constipation. Chew a Rexalderies tablet Next day bright. Get 24 for day at Parker's Drug Store."

KNOW Your South and be a Partner in its Growth

Lexington Heart of The Bluegrass

When one thinks of Kentucky, Lexington naturally comes to mind at one and the same time. For it is known wherever civilized people meet as one of the most unique and picturesque cities of the world.

And yet Lexington, with all its quaint, historic, romantic, and traditional interest, is an up-to-the-minute, modern city of 60,000 population, with exceptional industrial, commercial, and investment opportunities.

It is located in what is undoubtedly America's greatest potential manufacturing region; it is surrounded by a rich agricultural and live-stock section, and is recognized as a cultural and educational center.

The Blue Grass Region is noted for its rare scenic beauty, its luxurious country estates, its great Thoroughbred Horsebreeding establishments, its huge production of light Barley Tobacco and Blue Grass Seed.

It has been truly said that in the Blue Grass Country one may find the peaceful beauty of England, the rustic scenery of Scotland, the verdure of Ireland, the color of Spain, the sunshine of Italy, and the blue skies of Southern France. At any rate, one finds the climate ideal, the highways perfect, hotels of the best, and a friendly spirit of the people which is refreshing and very much worth while.

By Special LEXINGTON BOARD OF COMMERCE

What the "OLD RELIABLE" means to LEXINGTON

Lexington enjoys the distinction of having been one terminus of the first railroad in the West—the Lexington & Ohio, chartered on January 27, 1834. This road was opened for service August 15, 1835, and the people of Lexington have enjoyed practically uninterrupted service since, or for over 80 years.

This early railroad is now a part of the L. & N. and, through constant cooperation and the tremendous expansion of its facilities in Eastern Kentucky, the L. & N. feels it has been a very definite factor in the progress and prosperity of this thriving Blue Grass section. Over 500,000 tons of Lexington coal are shipped annually by the L. & N., earning an income of over one-half million dollars yearly. The L. & N. operates 15 passenger trains into and out of Lexington each day and approximately 15 freight trains, and according to the Lexington Board of Commerce

"Please Stand By"

How often have you heard it over your radio . . . "Please stand by." Foretelling something new and different about to come to you over the air. And now Oakland says . . . "Please stand by" . . . for the announcement of a new car. Oakland will present it soon . . . a magnificent successor to a justly famous name . . . a New All-American.

A NEW All-American
