Murphy, N. C., Dec. 10, 1923.

Dear Santa Claus:—

I am a little girl just four years old and I have long curly hair that has never been bobbed. I am writing to tell you what I want you to bring me for Christmas.

I want just lots of things, but most of all I want a curly headed doll that can say mamma and can go to sleep. Please bring a little bed for her to sleep on and a little blanket to keep her warm. And, Santa, I would be so glad if you would bring me a picture book and a huggle. Please be sure to bring plenty of candy, oranges, bananas, apples, and nuts.

I hope you will bring my baby brother, Jewel Hoyt, a doll too, cause if you don't he will want mine. Please bring him a drum and lots of goodies to eat. I think you are a good Santa Claus to bring the little boys and girls so many nice things. I still have Reene and Mae and Kate but poor Bonnie Joe is broke all to pieces and I don't know where in the world Ollie is. Now, dear Santa Claus, I must say good-by.

Your little friend,

Willie Vaud Walker.

Dear Santa Claus:—

New Features of- The Outstanding Chevrolet of Chevrolet History - a Six in the price range of the four!

Everywhere The Outstanding Chevrolet is being hailed as a spectacular achievement in advanced design, because it embodies the greatest array of improvements ever offered on any automobile of comparable price.

Here, for example, is a marvelous new six-cylinder, valve-in-head engine whose design represents over four years of development and testing on the part of Chevrolet and General Motors engineers. It has numerous advancements typified by a non-detonating, high-compression cylinder head—gasoline pump with filter, and automatic rocker arm lubrication. It provides performance the like of which was never before available in the low-price field—marvelous smoothness, tremendous reserve power and sensationally swift acceleration—all with an economy averaging better than 20 miles to the gallon of gasoline!

Here are new and improved four-wheel brakes unsurpassed for silence in operation, positive action and ease of adjustability!

Here are marvelous new Fisher bodies introducing a new order of beauty, smartness and luxury.

And here, also, are other features by the score—each an impressive example of automotive progress—each contributing to outstanding performance, quiet operation, long life, ease of control and economical ownership!

We cordially invite you to visit our showroom and secure complete and detailed information regarding this great new car, which will be ready for delivery beginning January 1st.

Chevrolet's new six-cylinder, fully enclosed valve-in-head engine has a high compression non-detonating head. Its piston displacement is 194 cu. in. and it develops 46 H. P. at low engine speed.

An automatic accelerating pump results in unusually swift acceleration, as well as greater gasoline economy.

On the indirectly lighted instrument panel are grouped all controls, including the water temperature indicator and theft-proof Electro-lock.

The new chromium plated radiator, lamp standards and rims, and one-piece full crown fenders are typical fine car features of the Outstanding Chevrolet.

The adjustable driver's seat in all closed models. This brings the clutch and brake pedals within proper reach for all drivers.

Newly designed 4-wheel brakes, safe—positive—quiet.

Marvelous new bodies by Fisher are an outstanding feature of the Outstanding Chevrolet.
