## LIONS HAVE CALL MEETING

At a call meeting of the Murphy Lion's Club the following business was transacted:

The President reported that Mrs. A. M. Frye, of Bryson City, had called in regard to the sign boards to be erected on Highway No. 10, directing travel through Murphy. She reported the cost would be approximately \$500.00 for two signs 14x50 feet, one to be placed at Dillsboro, the other at Gainesville, Ga., and three smaller signs 6x12 feet, one to be placed at the triangle at Dillsboro, one at Jarrett's Hotel, Dillsboro and the other somewhere near Gainesville, Ga. The cost must be borne largely by Andrews, Bryson City and Murphy with a prospect of a small amount to be raised from smaller places along the route. On motion a committee was appointed to solicit subscriptions in Murphy for Murphy's quota: G. W. Ellis, chairman, to be assisted by V. M. Johnson, E. E. Adams and C. W. Bailey. This is not a Lion's Club project and will carry no advertising of the Lion's Club. However, the Lion's Club realizes the importance of some step being taken to direct travel over Highway No. 10, and is willing to sponsor the movement for the benefit of the town. Very few Lions will benefit directly from an increase in travel but all Lions are enthusiastically endorsing the movement in an unselfish manner.

The President of the Andrews Rotary Club accepted the invitation tendered by your President for the Andrews Rotarians and their wives to be the guests of the Murphy Lions on Thursday evening, February 14, at 7 P. M., standard central time. The following committees have been appointed to arrange for this meeting:

The foregoing committees are expected to work out their plans and to work with other committees in order to arrange for the meeting. The meeting assembled voted to add W. M. Fain and Mrs. W. M. Fain to the reception committee.

We were glad to welcome H. D.

Barnett to the meeting, as he has been absent from several meetings recently.

A letter was read from the Hunter Machinery Company in regard to establishing a spinning mill in Murphy. The president was instructed to handle further.

Respectfully submitted,  
W. M. FAIN President.

## Some Reasons Why I Am Interested In The Boy Scout Movement

I am interested in the Boy Scout movement of America because of the opportunity the organization offers to interest boys in the fundamentals of good citizenship.

### The Scout Laws

A Scout is trustworthy, a Scout is loyal, a Scout is helpful, a Scout is friendly, a Scout is courteous, a Scout is kind, a Scout is obedient, a Scout is cheerful, a Scout is thrifty, a Scout is brave, a Scout is clean, a Scout is reverent.

The above Scout laws, to which each Boy Scout must subscribe, provides for the thorough development of those characteristics which must eventually go into the character if he is to be a man who is to be physically, mentally, and morally awake to the real issues of life. If the boy takes seriously the Scout

Oath and Laws, he is sure to soon find that he is viewing life from a more important angle. He will find along with this, a greater amount of self-respect, which will express itself in a universal brotherhood.

DALE LEE,

Assistant Scout Master.

## Why I Am Interested In The Scout Movement

I find in the movement known as the Boy Scouts of America, an opportunity to help the boys at an age when they need encouragement most. During this formative period boys are going to exercise some very positive energy. If these expressions of life can be directed into character-building principles the boy will find himself vitally concerned about the most noble ambitions of life.

I believe the boy to be the most interesting study of life. If in the work of the Scouts I find my way into the real heart of the American Boy, I have made some start in understanding the heart of America. If this is true I am of the opinion that we all should be interested in the growing boy.

HOWARD P. POWELL,  
Scoutmaster.

## PAINFUL INDIGESTION

"I suffered a good while before I found something that would help me," writes Mr. E. W. Barry, of Neosho, Mo. "My trouble was indigestion, pains in my chest and a tight, bloated feeling that would make me feel smothered."

"Speaking of this to a friend of mine, he told me that Black-Draught was good for this trouble. I went over bought a package. It certainly did help me, so I continued to use it."

"I am in the transfer business, and sometimes when I would be hungry and ready to eat, I would have a call and would have to eat later. Then I would eat too much or too hurriedly. This would cause indigestion. After I started using Black-Draught, I found it did me a world of good. It is splendid for biliousness and stomach troubles."
