EVANS TO BE SPEAKER AT LIONS LIVE AT HOME MEET

MENU OF BANQUET TO BE MADE UP ENTIRELY OF CHEROKEE PRODUCTS

George E. Evans, educational director of the Farmers Federation, of Asheville will be the main speaker at the Lions Club Live at Home program at the Regal Hotel next Tuesday night, in which the Lions are entering into the spirit of Governor Gardner's Live at Home program for the Old North State.

Mr. Evans has been heard on other occasions at public meetings in this section, and is recognized as one of the foremost authorities on progressive farming and marketing methods in the south. His address is expected to be along the lines of dairying, cattle, hog and poultry raising, and truck farming, especially growing products for the cannery.

The occasion of Tuesday night will be turned into ladies night, and invitations have been extended to the Cherokee County Farm Board, the Cherokee County Commissioners, and a number of representative farmers over the county. The occasion will be held in the dance hall on the second floor of the Regal hotel. From a tentative menu prepared by the menu committee, the eats are going to be a feast fit for a king, and with the exception of sugar, salt, pepper, etc., everything will be home grown.

Don Witherspoon, official spokesman for the Lions, will make the address of welcome, after which Mr. Evans will make his address. This will be followed by short impromptu addresses by some of the farmers and guests. The Lions Club quartette will intersperse the program with songs.

The occasion is expected to be interesting and entertaining, and aid materially in fostering and advancing the live at home movement in the county.

LOVINGOOD BUYS STONER'S STOCK

Noah Lovingood, for many years associated with his brother in the general mercantile business in Murphy, this week bought the stock of goods of J. M. Stoner's cash grocery, rented the building, and will open business about February 22nd with a complete line of general merchandise.

This news was made public this week as Mr. Stoner closed his door and the stock of goods was removed from the shelves, packed and stacked in the middle of the floor, and carpenters began the work of rearranging and rebuilding the shelves and display counters.

Mr. J. W. Lovingood has bought the interest of Noah in the partnership of Lovingood Brothers and will continue to do the same kind and line of business in the old stand. He will have his son, Ross Lovingood, to assist him in the business, which will be conducted under the name of J. W. Lovingood, successor to Lovingood Brothers.

Noah Lovingood came to Murphy in 1910 and started to work in Candler's department store as a clerk, which position he held until 1919, when he and his brother, J. W. Lovingood, went into partnership and established a business of their own, handling a general mercantile line. This business, starting from a small beginning gradually grew until it became one of the leading concerns in Murphy handling thousands of dollars worth of business annually.

Mrs. Lovingood will assist her husband in conducting the business in the Stoner building. Noah stated that he was going to carry everything such as groceries, drygoods, shoes, and notions. The business will be conducted strictly on a cash basis, and goods will be sold as cheaply and with as little profit as present day competitive selling allowed.

Just what Mr. Stoner is going to do, he is undecided. He said he had thought of opening a coffee house in town, and he might and he might not.

HOME GARDEN

The time is fast approaching when we must think of our garden. A good garden on every farm cannot be estimated in dollars. But it has been proven that an half acre in a garden is equal to two and a half acres of cotton yielding one bale per acre. The money value of a garden is the least thing to be considered, the food value is the thing that we should consider the most important when making our farm plans for the year. The health of the family is the most important thing and to get this we must have plenty of good succulent foods for table use.

To produce succulent vegetables the garden should be well fertilized. Shallow, clean cultivation is very essential to successful gardening. If you have not plowed your garden it should be the next piece of land to prepare. I am giving some of the things you should plant in your garden next month.

By the 15th of March you should plant onions, carrots, peas, parsnips, Irish potatoes, beets, spinach, kale, radish, and turnips. At the same time sow in hot beds or in boxes, cabbage, lettuce and tomatoes.

This will start your early spring garden. It is also one of the best moves that you can make on your live at home program. Get your garden started first and do not let your neighbor have things in his garden that you cannot have.

SID PENDLEY BUYS MURPHY SER. STATION

A business transaction whereby George Ellis sold the business of the Murphy Service Station to Sid Pendley was consummated this week, and Mr. Pendley took charge Tuesday morning. Mr. Ellis disposed of the business, retaining the real estate, and Mr. Pendley has leased this.

Mr. Ellis stated that he disposed of the Murphy Service Station in order to give full time to the wholesale end of the Gulf Refining Company for this territory. This end of the business has grown so in the past few years until the full time service of Mr. Ellis was necessary in order to keep pace with the continually expanding and growing business.

Mr. Pendley is well known in Murphy and states that the Murphy Service Station will continue to give its patrons the same high standard of service. Abe Hembree, genial and efficient service man, who has been with the Murphy Service Station for many years, will continue with Mr. Pendley in the operation of the business, and it is understood that Mr. Pendley will place it on a cash basis.

The Gulf Refining Company has property over in the L. & N. "Y" section of town, with storage tanks, special siding and warehouse facilities valued at around \$30,000.00 This is the distributing point for their products and this is the business Mr. Ellis will devote his full time to.

NOBODY'S DARLING HERE FEBRUARY 13

A comedy-drama in three acts, entitled "Nobody's Darling," will be given at the school auditorium on next Thursday night, February 13th, by the Teacher Training Class.

The theme of the story begins with a young girl dusting the parlor of the wealthy, aristocratic Lawson home. She is singing "Nobody's Darling". And she really seems to be nobody's darling until the end of the play, and she finds that her father is a wealthy captain.

The humor of the play is furnished by negro Mammy Julia and her meddlesome and inquisitive daughter, Sukey. The play is said to be real comical, and Sukey, in place of getting out of trouble, gets in deeper and deeper.

The cast of characters are: Maggie, Nobody's Darling, Nell Foster.

Lorraine Lawson, the wealthy, spoiled daughter, Annie Coleman.

Alice Norton, her chum, Ethel Davis.

Billie Norton, Alice's kid sister, Sallie Kisselburg.

Linsay Norton, Alice's lazy brother, Fred Hill.

Mrs. Lawson, Lorraine's aristocratic mother Helen Hall.

James Lawson, Lorraine's brother, Jack Hall.

Donald Lane, just home from college, Joe Dyer.

Capt. Halstead, wealthy sportsman and traveler, E. W. Sipe.

McMILLAN AND SWAIM CHANGE GARAGE NAME

The garage of McMillan & Swaim has been changed, a new partner and new capital taken into the firm and the business has been incorporated under the name of The Cherokee Motor Company.

The firm is now composed of J. W. McMillan, Fred Swaim and C. I. Calhoun. Mr. Calhoun is a native of this county but during the last several years has been at Reidsville, N. C. He is well known in the county and his connection with the company makes it a stronger firm, both physically and financially. No doubt his many friends in this section will be glad to know that he is back and in business and they are glad to see him.

The firm of the Cherokee Motor Company is known over this entire section for their service in connection with automobile and machine repairing. They also make a specialty of acetylene welding, handle automobile tires and accessories, and do a general battery repair business.
