"Do Editors Eat?"

?

We'll Say They Do!

And we are asking our farmer subscribers not to forget to bring us in some syrup, chickens, taters—Irish or sweet—wood, etc., and we'll trade you The Scout for something to eat. We are needing some taters now.

A number have indicated that they would bring us something, and we are looking forward to receiving something. A good time to bring it in is when you come to town next week for the commissioners meeting and to attend to other business.

Now, don't forget that the editor has to eat!

BUILD UP TO PREVENT PAINS

How a Missouri woman was benefited by taking Cardui is described below by Mrs. Joe Schumer, of Cape Girardeau: "I suffered with irregularity. For weeks at a time I was so weak I could not work. I had aches in my back and head and legs—I ached all over. I would get dizzy and feel faint. I had read about Cardui, so I got some and took it. I improved a great deal. After I had taken four bottles, I felt like a different person."
