SCHOOL NEWS

MURPHY TEACHERS HONORED WITH OFFICES

Two members of the Murphy High School faculty were elected to office at the Western Carolina Teacher's meeting in Asheville, Friday and Saturday of last week.

Miss Pauline Moser was elected Sect-Treas. of the Science Group and Mr. Bueck Vice-chairman of the Superintendent and Principals division.

At the science department meeting last Friday afternoon, Miss Moser spoke on "Recent Trends in Biology Teaching."

Others attending the meeting Murphy Schools were: Misses Margaret Hall, Martha Mayfield, Clara McCombs, Emily Sword and Mrs. H. Bueck.

Mrs. Harve Elkins and Mrs. H. Bueck of the Murphy P. T. A. Mrs. C. W. Witt of the Peachtree P. T. A. and Mrs. A. W. Young of the Hayesville association attended the District Meeting in Asheville last week. Mrs. Bueck was elected to the place of second vice-president for the Western District.

Miss Middlebrook of the Barrows Parker Company visited the school last week in interest of the new Geography's which have been adopted for North Carolina this year. She gave a demonstration lesson for the teachers using Mrs. Axley's pupils. Miss Jaunita McDaugald of the State Department accompanied her here.

Originally Greek?

There is some evidence to indicate that the Roman mile was an invention borrowed from the Greeks.

Remarkable, What A Little Adjustment Will Do

With automobiles as with the Circus, there is always somebody who seems to think of everything. For instance, nature displays a generous mood and a fine sense of symmetry in proportioning these two lady artists of the Ringling Brothers Shows—you can see that.

First thing you know, comes the suggestion that if the ladies regard spaciousness as an inalienable right, the interior of Dodge Six automobiles have the space, you bet your life.

To settle all doubts the artists—they are Hilda and Elsa VanDroeyen, attractive and cultured German sisters, consent to a demonstration. Adjusting the driver's seat by means of a simple lever, the smaller 8-foot Hilda achieves a perfect fit behind the steering wheel, while Elsa, measuring the trifle of 8 feet 3 inches is seated, with room to spare it seems, at the right. All of which, we should say, looks like a pretty definite answer to any question regarding cubic passenger capacity of Dodge cars.

North Carolina Boys' Pals Awarded Scholarships

W. A. FISHER AND CHAMPION COACH BUILDERS OF U. S.

CHICAGO—When next year's champion model coach builders in the Fisher Body Craftsmen's Guild come to a larger camera to record the scholarship winners. For W. A. Fisher, president of the Guild, announced at the award dinner here, at which this picture was taken, that 18 scholarships would be provided next year, instead of six.

The number was unexpectedly increased to seven this year, owing to the judges' inability to decide between two of the Canadian entries. In the American section, however, where Marcus B. Andrews, of Mt. Gilead, N. C., and Edward A. Brown, of Asheville, were competing, the award

went to the fortunate youths shown here with Mr. Fisher, "buddies" of the North Carolina boys throughout the Guild Convention.

From left to right they are Myron Webb, 16, of Arkansas City, Kans., E. Stanley Knoebel, Jr., 16, of Baltimore, Md.; Jack W. Wicks, 18, of St. Paul, Minn., and Charles Gadd, 18, of Spokane, Wash.

In spite of a natural disappointment at not achieving a scholarship, both North Carolina boys derived a real "kick" from the Fair, where three days were spent in viewing the wonders assembled from all parts of the globe, and went home tired, happy, and determined to try again.

The 82nd annual session of the West Liberty Association met with the Liberty church, 22 miles west of Murphy, Thursday, Sept. 28, and continued through Sunday, Oct. 1st. This session was conceded by all who attended to have been one of the best sessions in many years.

The Rev. R. W. Prevost, of Andrews, was present on Thursday and delivered two splendid addresses, one in the interest of denominational work of the State Baptist Convention and the Southern Baptist Convention. The other address was in the interest of the United Dry Forces of the State relative to the forthcoming election on November 7th. The various other subjects were discussed by the pastors of the churches comprising the West Liberty association.

There was an evident presence of spirituality throughout the session, which was concluded with a sermon by the Rev. Burton Kincaid, of Esowah, Tenn.

The Rev. Fred Stiles was elected moderator, and Ralph Shields was elected clerk. The next session will be held with the Fairview church at Ranger, N. C., beginning on Thurs-

day before the first Sunday in October, 1934. Introductory sermon is to be by the Rev. W. T. Truett, pastor of the Culberson field churches. Composed of Culberson, Hojwell, Shady Grove. The Rev. J. L. Morrow, Fulton, Tenn. is the alternate.

Record Football Game

The nickname "Iron Team" was given to a Washington and Jefferson college team in the early 20's. It represented the East in the tournament of roses game at Pasadena against the University of California and did not make a single substitution during the entire game.

Senile Dementia

Senile dementia, the decay of the tissues of the brain, sometimes occurs with old age. It is not capable of cure. Malaria is being used extensively with striking success in the treatment of disease of the brain resulting from syphilis. Malaria will not cure senile dementia, Hygeia Magazine maintains.

Air Speed King Sets New Mark

COLONEL ROSCOE TURNER recently broke the West-East flight record when he landed at Floyd Bennett Field, New York, ten hours and five minutes after leaving Los Angeles. He already held the East-West record. "How are your nerves?" a reporter asked. "Perfect," said Colonel Turner. "I smoke Camels." Colonel Turner, now plans an attempt to set a new round-trip mark.

Turkish Toweling

Terry cloth was invented in 1848 by Samuel Holt of England. In 1858 he presented the first Turkish towel to Queen Victoria, from whom he received a medal. There is some doubt as to the origin of the designation "Turkish." Some authorities say that it was supplied because of the large quantities of the towels that were shipped to Turkey, where they were held in high esteem.
