Black-Draught Clears Up Sluggish Feeling

"I have used Theford's Black-Draught for constipation for a long time," writes Mrs. Frank Champion, of Wynne, Ark.

"If I got up in the morning feeling dull and sluggish, a dose of Black-Draught taken three times a day will cause the feeling to pass away, and in a day or two I feel like a new person. After many years of use I would not exchange Black-Draught for any medicine."

P. S. - If you have CHILDREN, give them the new, pleasant-tasting SYRUP of Theford's Black-Draught.
