LADIES NIGHT OBSERVED BY LOCAL LIONS

Guy O. Bagwell, District Governor, Speaks At Banquet Here

Guy Bagwell, 31st district governor of Lions International, was the main speaker at local Lionism celebrated Ladies night with a banquet in the Regal hotel here Tuesday night which was attended by 63 members and guests.

Referring to the work done by the district the past year, the speaker said he was especially proud of the fact that they had been instrumental in having the state legislature appointing a commission to care for the adult blind of the state and making an appropriation of \$25,000 for their care. He added that the Lions club had received 100 per cent cooperation from other civic clubs in the state and that 4000 people backed the bill.

He reported that five new clubs would be formed at the state convention in Raleigh some time in June. It was later brought out by toastmaster W. M. Fain that the Robbinsville club in Graham county would be reorganized before that time.

Record Made

"The record we have made during the past year is due to the fine cooperation given me by the Lions clubs in this district," the speaker said.

Stressing the point that the Lions club with more than 80,000 members was the largest civic club on the North American continent, although it is the youngest having been organized only 19 years, he gave four reasons for the record the Lions International had made. They were: strength of international organization, creating a spirit of fellowship and honor, and teaching service.

Other speakers on the program were: Roy Phillips and Walter Pritchard, of the Asheville Citizens-Times advertising department, who spoke on the Rhododendron festival soon to be held in that city; H. Bueck, president of the local club; Walter Wiggins, Graham county agent; and J. P. Baskin, of Bainsville, Ga.

Music classes and singers from all over the county will be in attendance to compete for the banner which is awarded to the class making the best music.

The occasion has always drawn large crowds, and no exception is expected this year. Everybody is cordially invited to come out and hear some good singing, and all the singers and singing classes are urged to come prepared to compete for the banner.

SUGGESTIONS FOR THEATER'S NAME MAILED BY MANY

Hundreds of suggested name for the theater now under construction here came into the Scout last week.

No name seems to be particularly preferable although a number of them have been duplicated a number of times. F. J. Henn, owner of the theater, has announced that he will continue a quest for a name until the theater is completed.

More than 300 modern, spring bottom seats have been delivered to the new show house and just as soon as they are installed and a small amount of painting is done on the building it will be opened.

To get a free ticket to the new show merely sign a suggestion on a piece of paper, sign your name and send it to the Cherokee Scout office. One person who selects the winning name will receive a six-months pass, Mr. Henn said.

New Fish Law License Are Now On Sale Here

Under the new fishing law passed in the last session of the legislature, a resident fishing license which permits fishing in any other county in the state for a period of one day may be purchased for 60 cents and non-resident licenses will cost \$1.10. J. E. Hall, Cherokee and Clay counties game warden, announced Wednesday.

He said the licenses may be bought at the Mauney Drug company or the W. B. Dickey and Sons store in Murphy, at Ben Mintz's store in Marble, or at Pearley Ragan's store in Andrews.

Dogs Are Confined Folks Get More Sleep

Dogs did less promiscuous prowling at nights and folks got more sleep during the past week following the offering of the town council's ultimatum last week that all dog owners in the town would have to confine the dogs to their premises or be charged with a misdemeanor if their dogs were found running loose at night.

Fred Johnson made no report of having made any arrests in this respect but said he was ready to "step down" on any and all violators.

CORRECTION

In a story in the Scout last week it was said that 100,000 tomato plants were shipped here for distribution, whereas the plants were grown in this county. The Scout regrets having put Mr. E. R. Thompson, cannery manager, in an embarrassing position relative to this matter.

STEPS TAKEN TO CREATE HEALTH UNIT IN COUNTY

General Public Hearing Before County Commissioners Set

Initial steps to create a health unit in Cherokee, Clay and Graham counties with the central offices probably located in Murphy was begun Tuesday evening when Dr. Carl V. Reynolds, secretary of the State Board of Health, and two associates met here with a group of local doctors and citizens to discuss the plan.

The plan calls for an expenditure of \$18,600 dollars in the three counties which would be divided between the counties commissioners, the state board of health, the government and the Tennessee Valley Authority of which Cherokee county's part, based on its population, would be \$2500.

In event the plan is adopted, it would call for a nurse and a sanitary engineer for each of the three counties with a health officer stationed in the central office. Their work would not be curative, but entirely preventative and they would have nothing to do with county jails, schools, and other dependant institutions on the county's money, it was said.

Chief among their work would be the sanitation of streams and the establishment of Grade A dairies in Cherokee county.

A general open hearing before the county commissioners on the subject has been set for 2 o'clock Monday afternoon.

It was said that the program would attempt to incorporate the 15 counties in the Tennessee Valley watershed of North Carolina in corresponding groups of counties. The final action, it was pointed out, depended entirely on the commissioners of the individual county. The work will be instituted in the counties where the board supports the plan.

"The Great Plummer Branch of Promise Case" came off true to form in the court house last Wednesday night when the judge and jury went to sleep while the lawyers frantically argued their cases and the judge woke up in time to catch the jury napping so he decided it himself, got mixed up on his cues and gave the decision to the wrong side.

Approximately 150 people were at the trial and the library realized over \$30 out of the show. The trial was ably directed by Mrs. E. C. Mallonee and much credit for the success of the show goes to Mrs. Edmund B. Norvell and Miss Josephine Heighway for their untiring efforts in promoting it.
