"WHERE SERVICE IS A PLEASURE AND COURTESY A HABIT" Murphy, N. C.

"I could kick myself when I think how I used to shell out for an undershirt. . . . Paying fancy prices, because I thought they wouldn't be comfortable—thought they wouldn't wear—unless I threw the bank-roll for a terrific loss. "But like a lot of others, I lost my shirt in the late depression. And that's how I found HANES. I had to cut down expenses, so I started buying HANES for thirty-five and

fifty cents apiece. And I want to say—you never had a sweller shirt on your back! They're light. They're cool. And HANES knits them with plenty of snap so they hug right up to your skin as comfortable as you'd want. And look how long a HANES Shirt is. You can tuck it way down in your shorts so it won't creep up at your waist. Sure . . . I lost my shirt. But I've got some sense in my head and some cents in my pocket today!" . . . It's "Stripped for action"!**

A boxer clad in full evening dress would be fighting under a bad handicap. Cheap, poorly refined motor oils are just as hampered. They can't fight friction efficiently because they're laden down with excess waste.

When the boxer sheds some of his clothes he's like most 25c oils—free from some hampering waste, but not all. Until Gulf perfected its great Multisol process, no refiner of 25c oils could afford to go beyond this stage.

The boxer stripped for action is like Multi-sol refined GULFLUBE MOTOR OIL. It's stripped of all excess waste—ready to do the finest friction-fighting job of any 25c oil made! The only 25c oil matching premium-priced oils! Try Gulflube—at the Sign of the Orange Disc.
