Mrs. Bertha Kephart is improving slowly.

A group of young people and "Uncle George" Hembree enjoyed a singing at the home of Mr. and Mrs. Vance Dockery and Mr. and Mrs. Horace Killian Monday night.

Man Is Killed In Fall From Highway Truck

Funeral services for Claude Enloe, 34, of the Elf section of Clay county, who was killed when he fell from a State Highway commission truck eight miles the other side of Hayesville and one-half mile from his home Tuesday morning, were held at the Bethel Methodist church in the Shooting Creek section Wednesday afternoon at 2 o'clock. Burial was in the church cemetery. Peyton G. Ivie was in charge of funeral arrangements.

Clay Rogers, the driver of the truck, reported that a faulty steering gear caused the truck to swerve off the highway and down an embankment. When he and Charlie Burch, who also was riding in the cab of the truck, got out to inspect

MURPHY SCHOOL NEWS

SCHOOL ENROLLMENT EXCEEDS ALL OTHER YEARS

Pupils enrolled in the Murphy City schools number 935 and all indications are that this number will go well over the 1000 mark.

The number in the other schools of the unit will probably be 500.

This is the largest number ever to enter school here, and the High school with a 300 capacity is overflowing with 493 on roll Wednesday. Ninety-three of this number are Juniors and fifty-nine seniors.

The new course in Ind. Arts is proving popular, over 100 having signed up. At present the classes are engaged in constructing a work shop.

On Monday morning the formal opening for the year was held. Elementary and High School meeting separately.

The damage, they discovered Enloe lying on the bank, his head crushed, Rogers said. Enloe was alone in the back of the truck. It is supposed he was thrown or jumped out of the truck and fell under the wheels, one of which passed over his head. He died shortly thereafter.

Ray Swanson, of Hayesville, Clay county coroner, impaneled a jury but his verdict was deferred pending an examination of the truck's steering apparatus by state highway mechanics Wednesday morning.

Surviving are his widow; two small children; his parents, Mr. and Mrs. Addison Enloe; three brothers, William, Fred and Louis Enloe; and two sisters, Mrs. William McClure and Mrs. Vasco Holden.

Mr. Crawford and Mr. Ekins representing the school board, Mrs. R. G. Carter vice-president of the P. T. A. and Miss Winifred Towson, vice-president last year's student body and local ministers participated in the exercises. A large number of parents and former students were present.

SCHOOL TO HAVE EXTENSIVE NYA PROGRAM

Funds have been allotted by the government again this year for a large NYA program in the Murphy school unit. In a recent bulletin sent out from Washington it is evident that the number to be allotted this will exceed last year's quota.

Students are registering this week with the Supt. of schools who determines whether or not they are eligible. Pupils applying for this work do not have to be on the relief rolls, but: 1. Students must be between the ages of 16 and 25. 2. It must be satisfactorily determined by the Supt. that the applicant is in need of such assistance in order to enter or remain in school properly. 3. NYA students must do passing work. 4. Applicants must carry 3-4 the scheduled classes and must attend regularly.

When students who have signed up for various jobs which may be available they must give satisfactory service and show that they are earning the money or else they are dropped and someone else is enrolled in their place.

With this enlarged program this year it is expected that many stu-

SAYS FARMERS SHOULD FILL TRENCH SILOS

A. Q. Ketner, Cherokee county agent is pushing his trench silo program now. He advises all farmers who are planning to dig a silo or those who are planning to refill their silos to make preparations at this time.

Pointing out that trench silos are the most economical and efficient means of feeding stock during the winter, Ketner says there is much silage corn in the county this year. About 40 farmers in Cherokee county are using them advantageously, he said.

He also asks that all those farmers who do not have cutters to let him know as he hasn't enough to go around and he must make a schedule before hand.

"Feed will be high this year and I advise the digging of trench silos now," he said.

Ketner added he is anxious to have them all filled before the county fair begins.

Valleytown Area Hit By Rain, Wind Storm

A heavy rain and windstorm which lashed the Valleytown area of Cherokee county Friday evening caused great damage to corn crops blowing many good stands down and bowing over a number of trees.

Although plenty of rain was reported in the lower end of the county as a predecessor to the first hint of fall weather, no damage to crops was reported in that section.

J. R. Cox of Chicago had Mrs. Sarah Black arrested for pulling off his wooden leg and keeping it as security for unpaid rent.

Students who have to leave school will be enabled by this aid to remain thru out the year.

DID YOU KNOW?

- THAT— You get more actual reading matter in each issue of the Scout for less than three cents than you get in the average \$2.00 book?
THAT— You can ACTUALLY save many dollars each year by reading the advertisements in this paper?
