June 12th Last Day For Signing

June 12 is the last day on which North Carolina farmers will be allowed to sign work sheets for the 1937 soil conservation program, county agent A. Q. Ketner, said Monday.

The county offices have been in-structed from Washington not to ac-cept work sheets after that date, he pointed out.

However, growers who have signed work sheets in time will be eligible to earn soil-building and diversion payments by complying with the terms of the program this year.

These who signed work sheets for

1936 are not required to sign again for 1937, the county agent continued, but if they have bought more land or otherwise made changes in their ork sheets for or otherwise made changes ... farms, they should notify their county

farms, they should notify their county agents at once.

Work sheets are used in preparing information that will help farmers plan their farming operations so as to take part in the program and get all the benefits possible.

The work sheet is not a contract, Ketner added, and when a grower signs one he does not place himself under any obligation whatever. But a work sheet must be filed with the county office if a grower is to receive any payments.

the county office if a grower is to receive any payments.

He pointed out that there are two reasons why work sheets must be signed on or before June 12. First, information prepared from work sheets signed after June 12 would be too Kate to be of use to growers ing up on growers' compliance with the program will start in June in some counties.

PLANS BEING MADE FOR DR. MORGAN'S TALK

Chairman of Board of Directors of TVA To Here On June 4

Dr. Arthur E. Morgan's speech here on Friday, June 4, will be one of a series of three to be given here by TVA officials within the next six weeks, authorities have announced.

The chairman of the board of directors of the Tennessee Valley Authority will open the series of ad-dresses on Friday, June 4. Complete arrangements as to the time place of the address have not been formally confirmed but it is believed that Dr. Morgan will speak about 2:30 p. m. (CST) in the Murphy court house.

Mr. T. T. Lindsey, of the TVA training section here, said Wednes-day that Dr. Morgan had been out of town (Knoxville) and that he did not have definite information hour and place of the talk but that arrangements would be made within the next few days and the citizens of this section who are planning to hear him advised.

The fact that Mrs. Morgan will speak to a group of TVA ladies at a luncheon at the Henry House at 12:30 that day practically assures that Mr. Morgan will begin his ad-dress about 2:30.

In the case of extremely weather and an exceedingly large crowd the address may be given over a sound system on the outside of the court house, Mr. Lindsey said.
