## Canadian Clowns To Play Marble Team

The famous Canadian Clowns, who as their name implies, provide comedy and side entertainment along with a clever ball club, are opponents to the Marble Blues.

Along with their fun making, the Clowns are really an outstanding ball team. Duke Kinsey, French Canadian curve ball artist who stands just 4 inches over 6 feet tall, has a phenomenal record for the past season over the best semi-pro clubs of New York, Pennsylvania and New Jersey. He is reported signed with the Boston Red Sox for next season. Another pitcher, Speed Ball Smith, star right hander, has been sold to Syracuse where he will perform next season. Dusty Rhodes, husky catcher, several years ago was with Washington and has been in several minor leagues. Ed Hamman, former House of David player, performs on 3rd base for the Clowns and is said to be a close rival of Nick Alrock in regards to fun making on the diamond.

The Clowns have star performers at the other positions that complete a ball team that won a big majority of its games during the past seven seasons, touring the U. S. and Canada. The Clowns hail Winnipeg, Canada, as their home. Their 1937 tour will include 21 states and Canada. New and novel stunts, special entertainment between innings and a pepper game said to be equalled by no other team playing ball today, is included in this game which provides entertainment for every one, young and old. Special clown base ball suits adorn the visitors throughout the game.

The probable lineup of the clowns is as follows: Soch, 2B; Hamman, 3B; Smith, C. F.; Gelhuda, L. F.; Rhodes, C.; Bond, S. S.; Johnson, 1B; Whalt, R. F.; Kinsey, P.; Rizza, P.
