**RAISING OF HOGS IS DETAILED BY STATE CIRCULAR**

**25 Page Booklet Sent Free To All Farmers Who Write Request**

The ABC's of swine production—Advantages, B-reeding, and C-care of hogs—are told in a new circular prepared by the State College Extension Service.

A copy of the booklet will be sent free upon request to the Agricultural Editor, State College, Raleigh, for Extension Circular No. 238, "Raising Hogs in North Carolina."

The circular points out that North Carolina usually is blessed with a comparatively mild winter climate, which permits grazing of swine during most of the year, and reduces cost of housing.

Four of the 25 pages in the publication tells of the value of pure-bred boars. "There is no economy more false than the purchasing of an inferior boar merely because he is a few dollars cheaper than a good one", the experts say. "Type is very important in the selection of brood sows, whether they be grade or purebred animals."

The proper care of the swine herd is discussed under several headings, including feeding, sanitation, housing, and disease control.

**MARBLE NEWS**

Coming as a surprise to their many friends was the recent marriage of Miss Willa Bell Chambers of Marble, to Wesley Herbert Allison of Murphy which took place Saturday Jan. 6, 1940.

Mrs. Allison is the youngest daughter of Mr. and Mrs. Bob Chambers, and a graduate of the Andrews high school in the class of '39. Mr. Allison is the son of Mr. and Mrs. Charlie Allison of Murphy. The young couple are making their home in Murphy where Mr. Allison is employed.

Mrs. Kermit Reese and Miss Dorothy Barnes of Murphy were visitors of Mrs. Frank Littlejohn Friday afternoon.

Mr. and Mrs. Fred Barton were called to Waynesville last due to the sickness and death of one of Mrs. Barton's aunts.

Miss Bessie Barton who has been visiting her brother, Dr. Gleen Barton of Greeneville, Penn., has returned home.

Mrs. en Mintz who has been sick with flu is very much improved her many friends will be glad to know.

Mr. and Mrs. Clarence Jones and family from Jasper, Ga., have moved into the house vacated by Mr. Marion Doss's family. Mr. Jones is employed by the Columbia Marble Co. Every one welcomes them to our town.

The Columbia Marble Co. has been closed for the past two weeks due to weather conditions, causing much damage to the plant and a lot of men out of work.

Mrs. F. L. McConnell who has been sick for some time is able to be out again and enjoying the big snow, her many friends will be glad to hear.

Miss Evanell Stiles of the Slow Creek community was visiting in Marble Saturday.

Miss Frankie Moss has returned home after spending a few days with her sister, Mrs. H. B. Monteith, of Bushnell, N. C.

A meat canning demonstration has been announced for the Home Demonstration Club and visitors to be held February 22 at two o'clock in the Marble school building. Miss Alline Richardson, Cherokee county home agent, will have charge of the program.

A general flexible outline program has been announced for the afternoon. Advantages of home canned meats will be explained and the cold and hot pack methods demonstrated, equipment, method of judging product, modern methods of canning, and the using and serving of canned meats are to be considered.

Special emphasis will be placed on the seven steps necessary to insure good results, Miss Richardson said. The seven steps are selecting of food to be canned, canning method to be used, testing and preparing supplies, preparing the food for canning, packing the jars, sealing processed jars, testing for seal perfectness and storing the canned goods.

The coldest weather ever recorded in the community was experienced the past week in this community with best and accurate thermometers reading 17 degrees below zero at certain hours during Friday and Saturday. Several homes recorded temperatures far below the twenty degree marker. On the Snow Bird mountain a few

miles from here unofficial records indicated temperatures of thirty and thirty-five degrees below zero.

Schools in the Marble community closed down Tuesday about noon and were to remain closed until Monday. Difficulty of heating the building and the hazard in operating buses caused operation to be dangerous to health of the students.

Highways have been traveled with difficulty along Route 19 several to be hours behind times during other days from this community causing Marble to be without bus service several hours Wednesday and causing it er days. Train schedules have been fairly well observed. Mail service was uncertain during much of the week.

James T. Osborne, principal of the Marble elementary school has been absent from the community several days this week when school was not in session visiting friends and relatives at Canton and other cities East of here.

Severe weather for the past two weeks has handicapped very greatly the efforts of WPA employees who are making repairs on Route 19 in this vicinity. Although crews have been employed much of the present month few days permitted the work to continue under ar advantageous conditions.

A new system of checking has been introduced at the school here recently to facilitate the feeding of from fifty to 100 children hot lunches during the noon hour. Tickets are distributed each morning securing accurate information to be given the crew employed preparing the meals.

**BATES CREEK NEWS**

Miss Nettie Dockery is the recent bride of Mr. Leonard Ashe. Nettie is the daughter of Mr. Bob Dockery, Leonard is the son of Mr. V. J. Ashe. The young couple are making their home with Mr. Ashe's father, A. J. Ashe.

W. W. Killian has sent his daughter, Miss Flonnie Mae Killian to the State hospital at Morganton.

Mr. and Mrs. Leonard Ashe spent Saturday night with Mr. and Mrs. Jimmie Dockery.

Vance Dockery and little daughter, Myrtle spent Sunday evening with Mr. and Mrs. Will Dockery.

Vance Dockery and Cecil Timpson were the Thursday guests of Will Dockery.

Mr. and Mrs. Leonard Ashe were the guests of Mr. and Mrs. Will Dockery Monday.

Mrs. Vance Dockery has been on the sick list and now is better, we are glad to report.
