DEFENSE PLANTS

Dies committee agents have secretly warned government authori-ties to be on guard against an outbreak of sabotage in defense plants on the West coast.

According to the Dies-men, big-gest U. S. danger spot is Los Ange-les, where Nazi and Communist fifth columnists have been unusually ac-tive of late. The Los Angeles area certains one of the largest concentrations of defense work in the coun-

try. One reason for the D-men's fear was their discovery of a secret mail-ing list of 2,500 names in a raid on the Los Angeles headquarters of the German-American Bund. Herman Schwinn, West coast Bund fuehrer, admitted, under questioning, that the list consisted of Nazi sympathizers who regularly attended Bund meetings.

A check-up of the names revealed the startling fact that 800 of them are employed in airplane plants, shipyards, oil refineries, auto factories and other key defense industries. . .

SPANISH BRIBE

The career clique of fascist-mind-ed appeasers inside the state de-partment has dwindled in size and strength since Europe's tragic his-tory proved the fallacy of their course in Spain. However, they are still strong enough to urge a loan (or gift) of \$100,000,000 from the Export-Import bank to General Franco, dictator of Spain.

Furthermore, it may be that the career clique will get away with it. They urge that the hundred mil-lions be advanced to Spain in order to keep Franco from coming into the war against England. They claim that if Spain has search food the that if Spain has enough food, the country will remain neutral. And it is the British, whose fumbling in Spain was even more responsible than ours for the present danger to Gibraltar, who now want the United States to bail them out with a hundred million dollars.

Confidential military reports from Spain, however, indicate three things: first, the Spanish people are so fed up with three years of bloody civil war that they won't fight in any foreign war not of their choossecond, Spain is so badly defended that her harbors would be easy targets for the British fleet; third, the Spanish people actually are near revolt, which is the secret reason why Franco wants the hun-dred million. Without food, the old Loyalist government might come back again.

In other words, it looks as if the career clique inside the state de-partment is still trying to keep in power the man they secretly backed during the Spanish civil war.

CRACK IN THE SOUTH

The Solid South was cracked in the recent election, but not by a Republican. It was the work of a Nashville, Tenn., Democrat, in the only hard-fought congressional bat-tle in the entire South.

Hero of the saga was J. Percy Priest, crack newsman of the Nashville Tennessean, who, running as an Independent, unseated two - term Rep. Joseph W. Byrns Jr., son of the late speaker of the house of representatives.

Priest defeated Byrns although a district hadn't elected anyone the but a regular Democrat since the Civil war, and although he committed the faux pas of failing to regis-ter so he could vote.

Priest, however, had other strong advantages on his side. For many years he has been his paper's "good will" reporter, attending barbecues, fairs, graduations and civic gather-

AN EXACTING DISCIPLESHIP

LESSON TEXT-Luke 9:49-62. GOLDEN TEXT-No man, having hand to the plough, and looking bac for the kingdom of God.-Luke 9:62.

Weak-kneed, watered-out, and "sickly" religious philosophies and activities have no right to call themselves Christian. Following Christ is not just a sweet sentimental impulse expressed in smooth words and formal religious exercises. It a vital, virile, sacrificial faith nich leads the true follower of is which which leads the true follower of Christ to be willing not only to die for Him, but also to live for Him in the face of opposition, hatred, yes, "through peril, toil and pain." Let us put away these insipid im-itations of Christianity which so often masquerade under its name and face our time with a call to

often masquerade under its name and face our time with a call to discipleship which demands every fine, noble, manly and womanly quality. The lesson for today re-veals that following Jesus (and please remember you are not ready to live for Him until you have been born again) calls for

I. Co-operation (vv. 49, 50).

The placing of the little child in their midst (vv. 46-48) and Jesus' words concerning true greatness re-vealed to John that he had been wrong in condemning the one who was working for Christ but who was not of their party. The true disciple recognizes that the man who truly loves and serves Christ is to be ao cepted in His name.

cepted in His name. **II. Humility** (vv. 51-53). Gross discourtesy, evidently in-spired by national hatred (the Jews and Samaritans had no dealings with each other), was shown toward the Lord Himself. His reaction gives us an example of humility, for He said not a word against them. He said not a word against them. The true follower of Jesus should expect such treatment from a hostile, devil-inspired world and emu-late his master by showing love and III. Patience (vv. 54-56).

The disciples wanted to show their power and authority by bringing the fires of destruction upon the enemies of Christ. That spirit has persisted in the church, the desire to call the fires of heaven (and possibly of hell) to destroy those who hinder or op-pose us. Such is not the spirit of our God and His Christ, for He is "long-suffering to us-ward, not will-ing that any should perish, but that all should come to repentance.

IV. Sacrifice (vv. 57, 58). The writer dislikes to use the word "sacrifice" in connection with our life and service for Christ, for in reality we sacrifice nothing which is not more than replaced (read Mett. 19:29). But at the same time it is true that God does call upon us as Christians to hold nothing does for as Christians to hold nothing dearer than our devotion to Him.

Following Christ is more than singing glibly or carelessly, "I'll go where you want me to go, dear Lord." The one who starts out with Him is to count the cost (Luke 14: 98.33) He must conset the 28-33). He must expect the same treatment as Christ (II Tim. 3:12) and be willing to take it gladly (John 15:20; I Pet. 2:21). We ought to 13.20; 1 Pet. 2.21). We ought to make this plain to professed believ-ers. Tell young people the truth and you will see that they are ready to respond to it. They are willing to give themselves sacrifically for causes of this earth—why not for Christ? Christ?

V. Devotion (vv. 59-62).

It has been said that Christ is ither Lord of all or He is not Lord

Football has known too many great backs to offer you any com-plete list—it had known some even before the days of Snake Ames at Princeton, one of the best, around 1889

Heston, Eckersall, Thorpe, Coy, Mahan, Tryon, Gipp, Nevers, Grange, Nagurski, Joesting, Stev-ens, Dutch Clarke, Whizzer White and a long list of others have led the parade at one time or another. Don't believe for a second that all had nothing but big days. They have all known dark days on one or more occasions.

Grange Stopped

I still recall the day when I trav-eled with "Our Town" Frank Cra-ven, the football loving actor, to Urbana to see Red Grange run against Nebraska which had a tackle by the name of Weir—a 220-pound huriler. That day we failed to see the famous Redhead cross the scrimmage line

Frank Reagan made over 300 yards against Princeton-but only six yards at ball carrying against Michigan. Fritz Pollard at Brown was a star

back, but Colgate stopped him coldd mackerel.

Fight With Huge Kites

It has always been a matter for surprise that the East did not de-velop flying long before the West velop flying long before the West, for centuries ago men and bays flew kites in China, Japan, and India. In India most boys fly with skill. Sometimes as much as three miles of thread, edged with pow-dered glass mixed with glue, con-nects the kite to the reel. Flyers stage fights with other kites miles away and learn all about aerial currents. When one kite line is cut, the opponent wraps it round and pulls it home.

In Japan and China they go in for kite flying in a big way, and villages have kites 3,000 square feet in area, weighing half a ton and costing about \$1,000 each.

Priest also made much of the fact that Byrns' speech against the draft bill had won thunderous applause from the Republicans. Nashville generally is strong for national de-fense and FDR. So while Byrns won renomination, he found a real fight on his hands when Priest threw his hat into the ring as an Independent

Byrns sent out a frantic SOS to Hobs colleagues and Rep. Sam Hobs dashed up from Alabama to stump for him. But it was no go. Byrns was defeated in the only Democratic upset in the entire South.

at all. Even the demands which love may present on behalf of our aged father must not be permitted to stand between the Lord and His disciple.

Christianity is considerate and courteous, and our Lord is not here suggesting any neglect of the duties or amenities of life. The point is rather that the Lord must have first place whatever else may call for second thought.

The blight on the life and service of most Christians is that almost anything and everything else lowed to take first place and the Lord must be satisfied with second or third place. Sometimes one wonders if He is given any real place at all in some lives.

No one who puts his hand to the plough in God's Kingdom and then wants to defer following through until a more convenient season, or who wants to go back to "bid farewell" to someone who for the moment is more important than the Lord, is fit for His service. The way of juy and usefulness is the way of full and unconditional yielding to II m.

No one can keep running forever. There were few backs the equals of Eddie Mahan, the Harvard Scythe but Cornell arrested his march at the line of scrimmage one afternoon.

There is a big argument now under way from Berkeley to Cam-bridge, meaning the Pacific and the Atlantic, as to where Harmon be-longs in the galaxy of stars. Many of them will tell you Evashevski made him. Harmon will say so.

Self-Made Back

Evashevski is one of the best blocking backs of this generation. A grand football player. But he didn't make Tommy Harmon.

Harmon made Harmon. When Evashevski went out in the Penn game and his substitute entered, Harmon picked up even more ground

Great backs make themselvesnot their blockers, who can certainly help. But the main job is still up to the outstanding ball carrier, given any sort of a chance to get in motion.
