Everybody Asks Time But Nobody is Sure As Clock Does "Shimmy"

Mark Twain once said that "everybody talks about the weather, but nobody ever does anything about it." Well, Murphy and all this section has had plenty of weather to talk about this week. The consensus of opinion was that a lot of this heat would be a lot more appreciated next January.

On Monday, however, weather took a back seat as a topic for conversation. Everybody was asking everybody else "what time is it?" And nobody was sure.

The reason was that Monday morning, the Town authorities decided to advance the clock two hours. Andrews had moved up one hour, and the Murphy move put both on the same time basis.

A lot of people were late for lunch as a result. Noon dinner was served at ten a. m. Nobody was happy.

At nine o'clock the Town authorities got together and decided that they had gone too far, so they moved the clock back one hour. This put the town on a daylight savings basis, but still left Murphy one hour behind Andrews.

There the matter stands—as this is written. As to what will happen next week, you must do your own guessing.

In any event, we'll go back to normalcy in mid September.

Meanwhile—go to bed earlier—or follow Tom Mauney's recipe.

"I'm following my old time hours" said Tom, "except I have half-way adopted the new schedule as to work. I eat, sleep and go to work under the old schedule, but when it comes to quitting I follow the new—and knock off an hour earlier."

Large Groups Visit Folk School During Weekly Game Meets

A group of 50 young men and women of the Friends Work Camps at Macedonia Community near Larksville, Ga., and Madisonville, Tenn., will visit the John C. Campbell Folk school Saturday night to take part in the community folk games.

This group, sponsored by the American Friends Committee with headquarters in Philadelphia advances cooperative work movements in communities much as does the folk school. Their appearance at Brasstown Saturday will be for study in addition to participation in the games. This is the third visit to the school.

A group of students from Furman University were guests at the last week folk games, young men and women studying extension courses of the Open Road. Other guests were Mr. and Mrs. Camp of Young Harris, and Miss Dora Parks, regional librarian of Murphy.

Miss Laura M. Bragg, pioneer in the field of museum science was also a visitor at the school last week end. Miss Bragg is now a summer resident at Highlands and is assisting in opening the new Highlands museum.
