... but she can tell you about Baking at its Best

"My wife's a failure at arithmetic. . . but she sure knows her baking. You should hear her tell her friends about flour being the foundation ingredient of all baking, and how flour plays such an important part in baking recipes. She insists on the finest flour money can buy, which she says is White Lily. Another thing that has helped Sue in her baking is the White Lily Cooking Guide. You, too, can get one of the hundred page Cooking Guides with pictures and recipes of every description, at no cost at all, by just writing to J. Allen Smith & Co., Knoxville, Tenn."
