### State is in Finest

Continued from Page One  
 Notable improvements have been made in broadening and straightening many of our most important highways; and the program of building and improving secondary roads and farm-to-market roads is being greatly increased. Many difficulties are being experienced in the matter of getting essential materials owing to war conditions. Highway funds are at the highest point in the State's history, and the commission is in position to carry out a great program of construction improvement. During the year more than 100,000 advertising signs have been removed from state highways.

A retirement fund for teachers and other state employees, has just been set up, and is functioning well. Foundations were laid for adding a twelfth grade to public schools next year.

The State has provided \$100,000.00 per year for support of public libraries, principally rural.

North Carolina is experiencing an amazing increase in its mineral activities.

The program of conservation, protection and propagation of game and fish has been greatly enlarged. The fullest cooperation has been experienced on the part of the hunters and

fishermen of the state. Receipts from licenses have run to nearly \$50,000.00 above any previous year.

The general fund cash surplus at the present time is probably the highest in her history; and no state in the American Union enjoys better credit. Our General Assembly of 1941 authorized no new bond issues. Bond issues previously authorized were sold at an interest rate of less than seven-eighths of one per cent—the best sale in the history of the State and probably never surpassed by any other state.

The last General Assembly made no addition whatever to the tax burden of citizens or industries, and eliminated the sales tax on food for the home table, nevertheless the sales tax has been yielding approximately \$200,000.00 per month more than before the exemption.

### County Lines Up

Continued from Page One  
 crused dealers. It also will be aided by the leading residents of every community, and will be the subject of a series of 14 meetings throughout the county. It is planned to get the need home to every resident of Cherokee County. Meetings are scheduled as follows:

Friday, Jan. 9 at 10 A. M. Martins Creek and Peachtree school houses. 1:30 P. M. Grandview and Tomotla.

Saturday, Jan. 10, at 10 A. M.—Murphy Court house and Marble school.

Monday, at 10 A. M.—Ranger school house and in the Shady Grove Church. 1:30 P. M.—Andrews high school auditorium.

Tuesday, at 1 P. M.—Wolf Creek school house and Hickey's store, in Liberty. 1:30 P. M.—Sult school house and Hopewell church.

Farmers and householders will be asked to bring their junk to special dumping grounds in their immediate localities. The dealers will gather it, paying cash which will be turned over to the Red Cross.

Messrs. Kay, Tothorow and Fain have also volunteered to give war savings stamps for old tire casings too worn out to be repaired or retreaded, and for old inner tires, too worn out for repairs.

Junk metals sought include iron, steel, brass, copper, lead, and zinc. Any old rubber, paper and rags also are sought.

In the home gardens campaign, the following budget is suggested for a family of five:

Twenty quarts of string beans; five quarts of lima beans; ten quarts beets; five quarts of carrots; five quarts of corn; five quarts of greens; five quarts of okra; ten quarts of garden peas; thirty quarts of soup mixture sixty quarts of tomatoes; fifty pounds of dried vegetables and forty pounds of dried fruits.

### CARD OF THANKS

I want to thank all the friends for their kindness and floral offerings during the illness and death of my husband, J. L. King.  
 Mrs. Cordia King

### IN MEMORIAM

In loving memory of our brother, J. L. King who passed away to his Heavenly home, Dec. 25, 1941 at the age of 67 years. Bro. King professed a hope in Christ when 14 and continued to live a fine Christian life for 53 years.

His smiling face and congenial greetings will be missed by all, especially Calvary Baptist Church where he was a faithful member.

But we know our loss is Heaven's gain. He leaves a wife, two brothers, Jim and Martie King, one sister, Mrs. Hester Roberts, a niece, Mrs. Edna Cordell and a host of friends to mourn his death. His Church offers this tribute in love to his memory.

### TVA Refutes Slur Cast by Predmore Against "Olivine"

A letter written by Mr. H. S. Predmore, of Murphy, and printed in the Scout, criticized action of the TVA in boosting Olivine deposits in this section. Mr. Predmore urged that marble deposits be utilized instead. His claims are flatly denied by the TVA. A copy of a letter sent to Mr. Predmore has been received by the Scout. The letter quotes a report by TVA technicians and says, in part:

"Mr. Predmore states in his letter that the average magnesia content of olivine is only 18 percent. This is entirely wrong. We have recently completed a detailed survey of the olivine resources of North Carolina and Georgia, and analyses of samples collected during the survey show that these olivine deposits average over 48 percent in magnesia content. "The olivine contains little or no

## HIWASSEE DAM NEWS

A special meeting of the Parent Teachers Association has been called for Monday evening at 7 o'clock. A new president will be elected, to succeed Carroll Pitts, who has been transferred to Norris Dam.

Mrs. Bill Gilbert, vice-president will call the meeting to order. County Superintendent Lloyd Hendrix and Principal Bass Carroll are expected to attend and speak, and all residents of this section, including children, are invited to attend.

The soldiers sent here to guard the Dam, and who made so many friends, have gone back to join combat forces. Lieut. Kebler received the order of recall to Fort Bragg last Friday. Thus far there have been replacements, and Home Guards are expected to be stationed here as soon as organized.

A junior patrol has been organized with J. R. Roberts, Bus No. 10, as Chief and Joe Connell as Assistant Chief. Eugene Curtis is secretary-treasurer, and the following are patrolmen:

Lloyd Hall, Bus No. 19; Harry Bell, us No. 26; Coy Sparks, Bus No. 23 and John Gilbert.

The force will be supervised by W. Bryan Wilkes, Captain of Public Safety Service.

lime. Our research has progressed to the point where 'harmful impurities' in olivine, as suggested in Mr. Predmore's letter, are removable by chemical, rather than expensive metallurgical processes.

"We note that he makes the statement in his letter that the Murphy marble contains approximately 32 percent to 34 percent magnesia. Analyses of samples of marble from the vicinity of Murphy, do not show any.

"We have made many analyses of marbles and dolomites from various points in the Tennessee Valley Area, and have found no areas in which the marble averages over 21 per cent magnesia. The average was well under that figure."

Analyses of marble taken from four points in Cherokee County showed the highest magnesia content to be 19.58 per cent. This was at Hickerson's place, one and one half miles northeast of Murphy. Marble deposits from Kensey quarry showed only 3.61 per cent magnesia; Marble from Tomotla showed 15.43 per cent magnesia. At the Culberson quarry, the percentage was only 1.91.

Reid's Chapel will have a visiting minister from Emory University, Atlanta, in the pulpit next Sunday. He will substitute for the Rev. Smith, who is confined to his bed with the flu. The entire congregation is praying for their pastor's speedy recovery.

Despite cold and unpleasant weather, there was a large attendance of young people at the Epworth League meeting last Sunday. The young people also are the main support of the weekly prayer services on Thursday evenings.

Little Charles Hawkins is critically ill with intestinal flu.

Pat Coleman, who was stricken with pneumonia, and at one time was near death, has almost entirely recovered, and will soon return to work.

Mrs. Clifford Munro is visiting her parents, Mr. and Mrs. Vernon Mills, in Sikeston, Mo. She expects to be gone ten days.

Mr. and Mrs. R. H. Reddick have returned from a holidays visit to Mrs. Reddick's four sisters, and their families, in Nashville, Tenn.

Miss Myoma Hamby has returned from an extended visit to her mother, Mrs. Polly Hamby, in Patrick.

Mr. and Mrs. W. L. Calvin have returned from a holidays visit to Mr. Calvin's parents.

### "Sure Fire" Method Of Guarding Orchard From Hungry Rabbits

An Associated Press dispatch from Kansas City, Mo. says Clyde Cunningham, Jackson County agent has been besieged with inquiries from farmers as to how to stop rabbits from eating the bark from fruit trees. Cunningham has answered with an open letter, as follows:

1. Provide the rabbits with some other food.
2. Cover the trunks with fly-paper.
3. Build fences around the trunks.
4. Shoot the rabbits.

### Only Tiniest Fraction Of Enemy Aliens Held

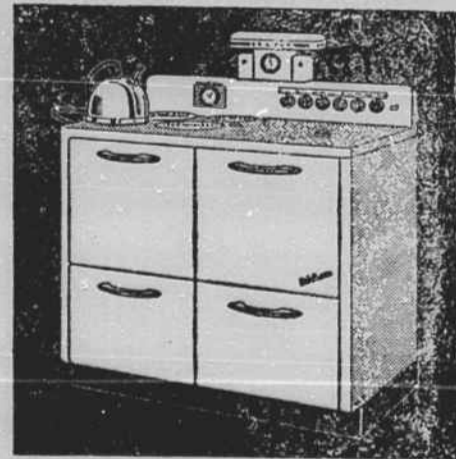

There are 1,800,000 enemy aliens in the United States, according to an estimate by James Rowe, Jr. Assistant to the U. S. Attorney General. Of this number only 3,600 have been taken into custody.
