Pleasure Driving expressed appreciation for the Banned By OPA

OPA on Wednesday banned pleasure driving in the East and slashed the amount of fuel oil that schools, stores theatres, and other non-residential establishments may consume in the 17-state area.

Authorities said that the best test for whether motoring is pleasure driving, which is forbidden beginning Thursday at noon, is "If it's fun it's out.' They stated that going to church is not pleasure driving. Taking children to school is probably all right, in the absence of other transportation; and going to doctor or a hospital is obviously all right.
