ONION SKIN - Any size, four grades, Cherokee Scout, on the Square.

75 acres of bottom land for standing rent, or to party furnishing stock. Apply to Scout Office. 1t.

## Town and Farm

(Continued From page 1)

### PRICE SUPPORT FOR DRY PEAS

To encourage the planting of 725,000 acres of peas, the U. S. Dept. of Agriculture will support the prices of dry peas at \$5.50 for U. S. Grade No. 1, and \$5.25 for U. S. Grade No. 2, per hundred pounds, in bags, F. O. B. country shipping points. Designated varieties are Scotch Green, Alaska, First and Best, Marrow-fat, and White Canada. Effective immediately, the Food Distribution Administration will buy dry peas of those varieties at the prices announced.

### COAL IF YOU NEED IT

Coal producers and dealers have been told by the Solid Fuels Coordinator to avoid any discrimination in meeting the essential needs of civilians for coal wherever the supply is low. Responsibility for seeing that no one suffers for lack of coal for fuel is placed in dealer and distributors of the coal industry. Supply is considered sufficient to prevent any hardships if it is properly distributed.

### TO DISCHARGE MEN OVER 38

Procedure to discharge men of 38 years and over from the armed forces will hereafter be simplified. No longer will it be necessary to have a trained replacement before a man of 38 can get a discharge. Application for discharge must be in writing and show that the man will be employed in essential industry.

### HELP FOR SMALLER WAR PLANTS

Owners of small, distressed plants that can be used to pro-

THREE ROOM APARTMENT for rent. All modern conveniences, electric stove and refrigerator, one block from Public Square. Call Mrs. J. N. Moody, Phone 21. 28-4tp.

FOR RENT - Office rooms, steam heated, Hill and Parker Bldg. Call Mrs. J. N. Moody, Phone 21.

TYPEWRITER FOR SALE - Underwood No. 5. In good condition. H. A. Barton, Machine can be seen at Moore Supply Co. 1t.

duce war-essential materials have been urged to send the answers to 10 questions to their nearest WPB office by Lou Holland, deputy chairman of WPB on Smaller War Plants. The questions are - 1. Firm name and full address. 2. Kind of business and products normally produced. 3. Kind of war work equipped to handle. 4. Average number of employees a year ago and now. 5. Dollar value of factory sales in 1941. 6. Dollar value of factory sales by months, for past 6 months. 7. Dollar value of business of all kinds on hand now. 8. A general description of equipment. 9. Kind of war work on hand, if any, and how much. 10. If labor force is depleted, to what extent can it be replenished.

### MORE MUNITIONS

Planes, tanks, guns, and other military equipment and supplies that rolled off American assembly lines in December 1942, was 14 percent greater than in November, said Donald Nelson, chairman of WPB. It was the greatest volume ever produced by U. S. factories in one month. During 1943 it is planned to produce about twice as much munitions as in 1942.

### SUPPORT MILLFEEDS PRICE

Prices of millfeeds will be supported by the Commodity Credit Corporation to flour millers at \$1.50 per ton below the OPA ceilings. This is part of the USDA's effort to prevent a rise in flour and break prices to the consumer, and to encourage increased production of livestock by keeping supply of millfeeds available.

### PROTECTS AGAINST FORGERS

The United States Secret Service has turned its big guns against the forger of Government checks in a drive to protect, particularly, men in the armed forces. The USSS has successfully checked counterfeiting reducing losses from bad money by 59 percent in 1942. Losses have been cut 93 percent in five years. Persons receiving Government checks from boys in the armed services, or others, are urged to take every precaution against pilfering of their mail.

### ADD 3 PERCENT TAX

The 3 percent freight tax imposed Nov. 1, 1942, may be added to delivered prices by processors of animal product feedstuffs, according to OPA. Prices of such feeds are held to a rigid maximum under Price Regulation No.

### LIVING COSTS RISE 1 1/2 PERCENT

Living costs on Dec. 15, 1942

were 1 1/2 of one percent higher than on Nov. 15, the Dept. of Labor reported. Total rise for America's first war year was 9 percent, and the total increase since the outbreak of war in Europe is 22.1 percent, as compared with almost 35 percent in the same period of the last war. Prices under OPA control rose 3 percent during the month, prices under control of other Government agencies did not rise at all, and prices not under any control rose 2 percent.

### SILK STOCKINGS FOR WAR

Silk and nylon stockings - 2,378 pounds of them - were donated by American women during the month of Dec. 15 to Jan. 15 for two months, the total was 372,190 pounds, representing about 7,500,000 pairs of stockings. Powder-bags for big guns, parachutes, and other vital war products are made from silk and nylon reclaimed from old stockings.

### WAR EXPENDITURES

Expenditures for munitions and war construction - planes, tanks, ships, guns, ammunition etc. - will total about \$157,000,000,000 from June 1940 through the end of 1943, if prices are held at present levels. That will be about \$78 billion less than these goods will cost if prices were not controlled and were allowed to follow the inflationary pattern of World War I in 1914.

### RELEASE 879 TRUCKS

A total of 879 trucks were released under the truck rationing program during the week ending January 30, the Automobile Division of WPB has announced.

### "ECONOMIES" PERMITTED RETAILERS

Just how far can a retail store go in reducing their expenses without reducing their ceiling managers of OPA offices can rule global administrators and district managers of OPA offices can rule on that question. Under the retailers' Economy for Victory Plan, retailers have in some cases eliminated all deliveries and many store services.

### SOLDIERS FAMILY ALLOWANCE

If a soldier's family is not getting their allowance under the Servicemen's Dependents Allowance Act, it may be because the soldier has failed to file a formal application for it. Many soldiers declared their intention to file such an application last summer - before application blanks were available - but have not filed the actual application. The official War Dept. A.G.O. Form No. 625 must be made out by the soldier and filed with his organization commander.

### "YOU AND THE WAR"

A 32-page pamphlet to help civilians get into war service and protective programs of their communities, entitled "You and the War" is now available. Indexing more than 100 occupations and skills needed by Civilian Defense organizations, "You and the War" can be obtained from local defense councils and regional offices of OCD.

### ADVISE COMPLETING EDUCATION

"It is advisable," said a recent statement of the War Manpower Commission, "that young people have the fullest possible opportunity consistent with the war effort to complete their education. Those with special aptitudes and capacity for further training should continue their education in order to develop their maximum abilities applicable to war and post-war needs."

### STOP RISE IN CLOTHING PRICES

It is evident that rise in clothing prices was effectively stopped by the General Maximum Price Regulation. Prices of all kinds of clothing rose 25.8 percent between spring of 1941 and May, 1942. Prices were then established as of March, which not only halted price rises, but actually lowered some prices. At the end of Dec. 1942, clothing prices averaged 2 percent lower than prices before the G.M.P.R. went into effect.

### New Air Raid

(Continued From page 1) tically overhead." All remaining lights are blacked out except a few authorized emergency lights. Persons take shelter. Traffic except for emergency vehicles stops. The public is warned that in some cases the "Red" signal will be the

### WANT TO SELL TIRES?

If you want to be a dealer in automobile tires and tubes, and have both experience in this line and a suitable place of business, you can now get a limited stock of passenger car tires and tubes. OPA has found that there is an insufficient number of tire dealers and other establishments to handle the tire inspections required by law, and so is encouraging more dealers.

### RENEW "B" AND "C" CARDS BY MAIL

Holders of "B" and "C" gasoline ration coupons may renew them by mail now instead of appearing personally before local war price and rationing boards. Same rules will apply to automobile highway uses of gasoline, such as that for farm machinery and industrial equipment.

### PRIORITIES ON UNDERWEAR

A "priority list" of heavy-weight undergarments, for which standard specifications and prices are being worked out, is being prepared by OPA. The list will comprise kinds of underwear considered most essential for civilian use.

### MUST KEEP "WARTIME"

"Wartime" undoubtedly has caused some difficulties and inconveniences, but we will have to keep it for the duration, in the opinion of Donald M. Nelson, chairman of WPB. Mr. Nelson feels that wartime has resulted in savings which are highly important to the war effort.

### RELEASE 879 TRUCKS

A total of 879 trucks were released under the truck rationing program during the week ending January 30, the Automobile Division of WPB has announced.

### "ECONOMIES" PERMITTED RETAILERS

At the end of Dec. 1942, clothing prices averaged 2 percent lower than prices before the G.M.P.R. went into effect.

### New Air Raid

(Continued From page 1) tically overhead." All remaining lights are blacked out except a few authorized emergency lights. Persons take shelter. Traffic except for emergency vehicles stops. The public is warned that in some cases the "Red" signal will be the

first audible public signal when there has been insufficient time for sounding the preliminary "Blue" signal.

3. A "Blue" signal will always follow each "Red" signal after immediate danger has passed. It returns the community to the conditions prescribed for the "Blue" signal. The community is thus prepared to return to the "Red" without delay if the enemy raiders return.

4. No audible "All-Clear" signal is prescribed. The "All-Clear" will be indicated by turning on those street lights which have been off during the "Blue," by public radio announcements and telephone, or other communication with war den posts and by local police. A community may stop an audible "All-Clear" signal provided that it is not the same as the "Blue" or "Red" signals and does not resemble those signals so as to result in confusion.

A special feature of the new regulations prescribes that certain radio stations, on selected frequencies, to be announced publicly, will remain on the air to broadcast official bulletins during the periods of the "Blue" and "Red" signals.

The new regulations reduce to a minimum the period of time of the "Red" signal by providing an additional "Blue" signal permitting an earlier return to the conditions under which essential war work and other activities may be resumed.

The regulations also specify that under no conditions will lights in actual use be left unattended at any time. Unattended or industrial locations are defined lights in home, business houses, as potentially dangerous and therefore unlawful.
