Nurse Tells Her Experiences In England, Scotland

Miss Mildred Weiden, Red Cross nurse who has been teaching classes in home nursing in home demonstration clubs in Cherokee county for the past two months, was guest speaker at a meeting of the Murphy Junior Women's Club last Thursday evening. She told of her experiences in England while serving as a public health nurse there.

Miss Weiden was sent with a contingent of nurses by the American Red Cross to study communicable diseases, and spent fifteen months in England, visiting Scotland and Wales. She left New Orleans in May, 1941, going on an ammunition vessel. The greater part of her time was spent in Salisbury.

Miss Weiden was introduced by Mrs. J. H. Pitzer, president of the club. Members of the Senior Women's Club were guests.

The meeting was held in the ladies' parlor of the Methodist Church, which was decorated with American flags and flags of the United Nations, and red, white, and blue candles.

After the lecture, refreshments were served by officers of the club.

Home Nursing Classes Finished

Six Home Nursing classes taught by Miss Mildred Weiden, Red Cross instructor, were completed Friday. The classes were taught in the following communities where there are Home Demonstration Clubs located:

Bellview, Ranger, Tomotia, Marble, Slow Creek, and Unaka.

Sixty-five women received certificates and ninety-three were enrolled. A total of 117 textbooks were bought. This has been considered exceptionally good, considering the distance the women had to go, the busy season, and the weather.

"The women have been energetic and interested in the classes. It just means that these women are better prepared to take care of sickness in their homes and community," says Home Agent Alline R. King.

Plans are being made to teach 6 more classes in the fall. The communities where Home Demonstration Clubs are located that show the greater interest and signs of being able to sponsor a class will be the next 6 that are chosen in the fall.

A Home Nursing Committee is organized through the Red Cross, and the purpose of the Committee is to keep the good work of Home Nursing going throughout the County. Each year as long as the War lasts we hope to sponsor Home Nursing Classes.
