## Murphy Hopes To Get CCC Grounds For City Park

INVASION OF SICILY—Allied forces, transported in ships from North African bases, have invaded Sicily, island south of Italy.

The Murphy town council and several civic organizations are making an effort to acquire from the TVA the use of the old CCC camp grounds for a city park. On Monday of this week several TVA representatives of Chattanooga and Knoxville came here for a conference with a committee representing the interested groups. A. D. Rieger, area manager of the property management department, Chattanooga, was spokesman for the TVA. J. B. Gray, city attorney and president of the Chamber of Commerce, presided over a meeting held in the lobby of Dickey hotel.

After Mr. Gray presented the plans of the town for developing the place into a recreation park with tennis courts, shuffle boards, a swimming pool, playground equipment for children, and other equipment, the group went to the site and made a study of the possibilities.

Water and sewer lines are already laid and concrete floors can be converted into shuffle board courts by being lengthened a few feet, and tennis courts and a swimming pool constructed at small cost.

The site is the old Indian trading post which was operated by Col. A. R. S. Hunter, first white settler in this section, and overlooks Hiwassee lake.

Mr. Rieger said his office and the one in Knoxville will study the possibilities and offer suggestions.
