

**OF INTEREST TO WOMEN**

**SMILE**

Like a bread without the spread.  
Like a puddin' without sauce.  
Like a mattress without beddin'.  
Like a cart without a boss.  
Like a door without a latch-string.  
Like a fence without a stile.  
Like a dry an' barren creek bed—  
Is the face without a smile.  
Like a house without a door-yard.  
Like a maid without a flower.  
Like a clock without a main spring.  
That will never tell the hour;  
A thing that sort o' makes yo' feel  
A humper all the while.

Have a "Coke" = Come, be blessed and be happy.

"Coke" = Coca-Cola  
It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called "Coke".

...from Idaho to Iceland

Have a "Coke", says the American soldier in Iceland, and in three words he has made a friend. It works in Reykjavic as it does in Rochester. 'Round the globe Coca-Cola stands for the pause that refreshes—has become the ice-breaker between kindly-minded strangers.

**CECIL'S BUSINESS COLLEGE OPENS AVENUE TO SUCCESS**

**Arrangements Made For Business College Fall Opening**

ASHEVILLE, N. C. (Special)—Specialized business training will assure your future after the war. We must remember that these are abnormal times. Your friends without specialized training are employed now because employers, in their desperation for help, have been forced to makeshift the best they can with untrained help. When the war ends, then will come the true test of the need for specialized business training. Thousands of untrained people will find themselves without employment. Business managers will refuse to continue trying to get along with untrained help. Only those with specialized business training will be desired. You can best serve your country and, at the same time protect your own future by taking time now for a business education. If you are interested in a permanent future, Cecil's Business College urges young people not to attempt short courses or patronize cheap schools in order to secure employment now. Thousands of half-prepared stenographers and typists will be released from government offices after the war is over. Business will be readjusted on the basis of efficiency. Thousands of unsatisfactory employees will be taken off the payroll. Asheville being a winter resort as well as summer resort, there are plenty of fine boarding houses open the year round where board is reasonable, and fine cultured surroundings provided for girls studying at Cecil's. Remember, it pays to attend a good school, one with a reputation that would be able to help you as long as you desire to work. The demand for office help is the greatest in the history of our institution. Make reservations now for fall opening Monday, August 30. Write for 1943-44 catalogue. Address CECIL'S, Asheville, N. C.—Adv't.
