## People Served By Printing of Public Notices

By James E. Pollard  
Ohio State University  
One of the less spectacular but nonetheless important functions of the newspapers of general circulation is to serve as a medium for Public Notices, sometimes as legal or official advertising. They are the most common and effective means of serving legal notice on individuals or the public, or both, of some contemplated move.

Publication of such notices makes the proposals in question a matter of record and affords those whose rights may be affected by them an opportunity to take whatever steps are necessary to protect those rights. ## Football Season To Open Friday

The lid will be pried off the local football season Friday at one o'clock when the Ugly Ducklings of Ducktown High School invade the lair of the Murphy Bulldogs.

Little is known of the strength of the Copper Basin boys but a tough struggle is expected to be reeled off for the benefit of the Murphy fans.

The Bulldogs have lost their only two starts this fall and are hungry for the taste of victory. With the probable return of all the injured players, Murphy should be near full strength once again. However, Blaine Cook is now with the Marines in San Diego and his stellar all-around play will be greatly missed.

The starting Bulldog line-up will probably consist of Captain Townson at center, flanked by Crawford and Keener at the guards. The tackle posts will be held down by White and Carter while on the ends will be Kephart and Guthrie. Jerry Hatchett will be on the left wing with Carl Smith on the opposite wing. Ned Lovingood will start at fullback. The tailback will be chosen from Dickey, Rogers, and McDonald with King likely to receive an early call at one of the wings.

Next Friday Copperhill will play on the local grounds.
