How women and girls may get wanted relief from functional periodic pain

Cardui, many women say, has brought relief from the cramp-like aches and nervous strain of functional periodic distress. Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come. Started 3 days before "hour time," it should help reduce pain due to purely functional periodic distress. Try it!

He can't ask you now!

- • • He's an American hero. After fighting bloody battles in the Pacific, he was home on leave two years ago.
- • • You may remember seeing his picture. His name is John Basilone, Marine Gunner Sergeant. He traveled all over America, urging every American to buy more bonds.
- • • He said: "You don't know—you can't know—how much it means to the boys out there when they hear the folks back home have just put another War Bond Drive over the top."
- • • They gave him the Congressional Medal of Honor and offered him a commission. He didn't want it. "I'm a plain soldier," he said. "I want to stay one."
- • • Well, he stayed a plain marine—like Joe and Bill and the fellows down the street. He

can't ask you to buy bigger bonds during the Seventh. He was killed a few weeks ago on Iwo, just after he had led his assault team to the edge of an airfield we needed desperately.

• • • We can't let him and all our other fighting heroes down. Remember, last year we had

two War Loan Drives by this time. The Seventh is our personal call to arms—two drives in one. That's why our quota is large.

• • • We must meet it—we will meet it—for the hero of Iwo—for Victory—for pride in America.
