How women and girls may get wanted relief from functional periodic pain

Cardui, many women say, has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come. Started 3 days before "your time," it should help relieve pain due to purely functional periodic causes. Try it!

tomorrow's Leadership". Taking part on the program were: Mrs. Wayne Battle, Mrs. James Stewart, Mrs. L. B. Womack, Mrs. Polly McGuire, Mrs. Hazel Abernathy, Misses Elizabeth Kilpatrick, Daisy Battle, Fannie McGuire, and Mabel McFalls.

Mrs. Hazel Abernathy, president, presided over the business hour. Plans were discussed to raise money and it was decided to make patch aprons for November and have a food sale in December. Mrs. Elton Bradley, a former member, was welcomed back to the Business Circle. The program ended with the Lord's Prayer by the group.

Refreshments were served during the social hour by Miss McFalls.

The December meeting will be held at the home of Mrs. Horace Palmer.

ON 8-DAY FURLOUGH

ANDREWS — Mr. Ross McLellan, Capt. U.S. Army, Texas, arrived Wednesday of last week for a 60-day furlough. The McLellan family spent 22 months in the Pacific area with a catastrophic disease and has been in service approximately five years. He will report for reassignment.

Class Awarded Half Holiday

ANDREWS — Mrs. Huffman's section of the sixth grade won the one-half holiday for the highest percent of attendance for the third month in the grammar grade department. This section had a percentage of 95.9.

Miss Pruetter's section of the third grade won the one-half holiday for the highest percent of attendance for the same period in the primary department. This section had a percentage of 92.3.

Last week the Sunday School Banners went to Mrs. Wood's section of the first grade and to Mrs. Stewart's section of the fifth grade. Both of these sections had 66.7 percent of their members in Sunday School.

Navy Recruits May Now Elect Time Of Service

Chief Rhinehardt, Officer in Charge of the Asheville U. S. Navy Recruiting Station, announced today that men now volunteering for service in the Regular Navy will have the option of electing either two, three, four or six year terms of enlistment. Regular Navy term of service previously has been four years.

Men volunteering for a first enlistment in the Regular Navy are now given an option on the length of time they wish to serve. Applicants 17 years of age may be enlisted for two years, three years or not to exceed infinity. Men enlisting for infinity are automatically discharged when they reach the age of 31.

Applicants in the age group of 18 to 30 inclusive may now be enlisted for either two, three, four or six years. The Navy also announced that men over 30 will be eligible for enlistment in the Regular Navy if their total previous military or naval service or active service in the Naval Reserve deducted from their present age places them in the 18-30 group.

Rankings for which first enlistments in the Regular Navy may be made by men without previous military or naval services are: apprentice seaman, hospital apprentice, second class, stewards mate, third class, and seaman first class (radio technician) only.

Offering men the option of electing two, three, four or six years terms of service is expected to accelerate still further the current brisk rate of voluntary enlistments in the Regular Navy. The Regular Navy's need is estimated at 24,000 a month for the next ten months.

Other new and attractive inducements for men considering the Regular Navy are provided in the Voluntary Recruitment Act of 1945 just passed by Congress and signed by President Truman. In a summary of the new Recruitment Act, Chief Rhinehardt mentioned:

Reenlistment gratuity of fifty dollars in all pay grades for each year served in the current term of active duty. Previously the amount was only 25 dollars for men below the first three pay grades.

Immediate payment of muster-out pay, instead of waiting until final separation from service. Up to to 60 days leave with transportation provided both ways.

Permanent extension of wartime 20 percent extra allowance for sea and overseas duty.

Family allowances extended for full period of enlistments and reenlistments made prior to 1 July 1946.

Dr. McGee Head Religious Study Baptist Hospital

The Board of Trustees of North Carolina Baptist Hospital and Bowman Gray School of Medicine at their last meeting appointed Dr. W. K. McGee to head the new department of religious and denominational activities at the institution and announced his acceptance of the position today.

Dr. McGee, who has just completed a 10-year pastorate at the First Baptist Church in Thomasville, will assume his new duties in Winston-Salem on December 1.

In announcing his appointment, J. S. Lynch, chairman of the board, pointed out that Dr. McGee is well equipped for the post. A native of Anderson, S. C., he received his B. A. degree from Furman University in 1923, and after one year of teaching, went to the Southern Baptist Theological Seminary in Louisville, Ky. where he received his Th. M. and Ph. D. degrees. During his graduate work there, he held a fellowship in the department of religious education. After leaving the seminary he served as pastor of the Hecht Memorial Baptist Church in Burlington for five and a half years before going to Thomasville.

His wife is a native of Winstate and graduate of Winstate Junior College and Meredith. She was connected with the Baptist Student Union Department of the State Convention prior to her marriage. The McGees have four daughters.

THROUGH THE EYES OF A FRIEND

Customers are people. And the Telephone Company has always considered customers in that light—as individuals, like the men and women who make up our own company.

This friendly feeling, we are happy to say, is reflected in the progress that North Carolina and the Telephone Company made together through the years. It is this same kind of partnership that makes the future sparkle with promise.

Like North Carolina, the Telephone Company is buckling down to its postwar tasks. For the 3,712 men and women of the Telephone Company in this state, it means the greatest expansion program in our history in North Carolina. It's a full and complete program, designed to meet the state's industrial and agricultural needs of the future. It means the expenditure of millions of dollars in North Carolina.

Specifically, the program will provide telephones for all who have been waiting for them. This is one of our first jobs! A greatly expanded telephone program for our farmer friends is also in process. Expansion of long distance service is being scheduled too. It will include the installation of coaxial cables to handle more calls with speed and convenience for you, and provide more facilities for that exciting visual art—television. A mass of construction is to be done and a new service to motor vehicles is also in the offing.

Here's a program of achievement, to be worked out together by North Carolina and the Telephone Company as they have worked out their attainments of the past. By mutual understanding and cooperation, North Carolina and the Telephone Company will grow greater than ever.

It's a big program that shall become a reality as fast as materials become available—a reality to be translated into prosperity and payrolls for the people of North Carolina. For a business is like an individual. If he fares well, his community fares well with him. And that is the way it should be, among friends.
