

## Day Of Prayer Observed At Home Of Pastor

ANDREWS — The W. M. S. of the Andrews Baptist Church met at the home of the Rev. and Mrs. T. Earl Ogg on Thursday, March 7, to observe a day of prayer for Home Missions. A pot-luck lunch was served to the following members: Mrs. Harve Whitaker, Mrs. Ghirley

Phillips, Mrs. Frank Wilhide, Mrs. James Glenn, Mrs. Ben Grant, Mrs. Willie Hyde, Mrs. Ogg, Mrs. Fred McGuire, Mrs. Bill Cathey, Mrs. Charles T. Almond, Mrs. G. W. Clayton.

The following had part on the program and the theme was "Come Ye — Walk in the Light of the Lord" from Isa. 2:5. The hymn, "The Light of the World is Jesus", was sung and Mrs. Fred McGuire led in prayer. Mrs. Ghirley Phillips had charge of the devotional. Special music was a duet by Frances Jane Phillips and Billie Mulkey after which there was a prayer for personal consecration. Mrs. Almond made a talk on "Continual Need of the Gospel", "Responsibility of Evangelism" and "Enormity of Task". "Need, Problems and Solution of the Gospel in Rural Communities". "Gospel in the Cities" was discussed by Mrs. Bill Cathey who then led in prayer.

The afternoon program consisted of the singing of a hymn, "Jesus Saves". Devotional by Mrs. Ogg and Prayer by Mrs. H. M. Whitaker.

# Let's Tackle Inflation While We Can

You don't want your dollars to buy less and less and less!

You don't want your savings to melt away! Or the value of your life insurance to dwindle!

Yet that is what inflation can do to all of us. Therefore, thoughtful people everywhere are concerned with ways to smother it before it gets out of hand.

One major cause of inflation is a shortage of goods when people have money to spend for things they want.

That cause can be eliminated by the production of goods — fast — in quantity.

### BUT THERE'S A BOTTLENECK

During the war there wasn't enough labor and materials to meet the needs of war and still produce all the civilian goods people wanted and could buy.

Therefore price controls on civilian goods were substituted for competition to keep prices down.

Today this country has all the labor and materials necessary to turn out the things people want.

Yet goods are still scarce. Store shelves are still bare. The national pocketbook continues to bulge. Inflation grows.

Why? Because price controls in peacetime hinder the production of goods. Business cannot live by producing at a loss. And so, goods that can't be made to sell at the prices fixed by the government just don't get made.

Nor will the raising of price ceilings solve the problem. When costs and selling prices are subject to change at any moment by government action, production has to be on a day-to-day basis.

That means uncertainty . . . reduced output . . . more inflation.

### ISN'T THIS THE ANSWER?

Remove price controls on manufactured goods and production will step up fast.

Goods will then pour into the market and, within a reasonable time, prices will adjust themselves naturally — as they always have — in line with the real worth of things.

Competition has never failed to produce this result.

This is the way you can get the goods you want at prices you can afford to pay.

Please think this over. Then tell your representatives in Congress what you believe should be done. You owe it to yourself . . . and to your country's welfare.

LET'S SMOTHER INFLATION...A postcard addressed to the National Association of Manufacturers, 14 West 49th Street, New York 20, N. Y., will bring your copy of a booklet explaining in detail why price controls cause inflation.
