

Congratulations

TO

Murphy Lions Club

On The Occasion Of Its

20th Anniversary

For the past twenty years Murphy Lions club has been a leading spirit in the progress and growth of the Town of Murphy and in the prevention of blindness and aiding of the blind throughout Cherokee County.

Through some of the years of its history, the club had a struggle to stay alive, and a handful of its charter members stayed faithfully by its ideals and principles and brought it through to a new day of usefulness and expansion.

Murphy Lions club has won numerous prizes in the state convention contests, making this club recognized as one of the outstanding clubs of the state.

Some of the present projects which the club is sponsoring or lending its support to are: Blind work, including contribution toward the employment of a caseworker for the blind, cooperation in clinics, and otherwise assisting those who cannot see; health and welfare work; development of the Murphy city park, making a large contribution to the building of a swimming pool.

There are now 50 members of the Murphy club, and most all are active, attend the regular semi-monthly dinner meetings that are held at First Methodist church, and cooperate in all activities of the club.

HARRY E. BISHOP
President

Members of the Club
