Entered in the Post Office at Murphy, North Carolina, as second class matter under the Act of March 3, 1879.

MEDITATION

"Prayer should be the key of the day and the lock of the night.
Prayer is the door of heaven's treasure-house, and faith the key which will unlock it.
Prayer is the ladder between heaven and earth.
Prayer is not overcoming God's reluctance; it is laying hold of His highest willingness."

Permanent Pastures

Farmers of Cherokee county what is your pasture worth? — Pastures have a dollar and cents value like any cash crop such as cotton, corn or tobacco — and especially so at the present time with the high feed prices. Good pastures provide large amounts of feed for livestock. Assistance in establishing permanent pastures or reseeding worn-out pastures may be obtained through the Cherokee county AAA program. Farmers who have been unable to carry out practices listed on their farm plans last spring and would like to switch to pasture seeding should get in touch with the Cherokee county AAA office immediately.

Attorney for service: WM. P. HODGES, Commissioner of Insurance, Raleigh, N. C.

STATE OF NORTH CAROLINA,
INSURANCE DEPARTMENT,
Raleigh, February 21st, 1946

I, WM. P. HODGES, Commissioner of Insurance, do hereby certify that the above is a true and correct abstract of the statement of the New Amsterdam Casualty Company, of New York, N. Y., filed with this Department, showing the condition of said Company on the 31st day of December, 1945.

Witness my hand and official seal, the day and date above written.
WM. P. HODGES, Commissioner of Insurance.

Near Record Milk Supply Available For County Diets

Cherokee County residents will consume more than 4,700,000 quarts of milk and milk products this year in maintaining the county's high nutritional standards. It is predicted by the nation's leading distributor of dairy products.

"With a near record supply of milk coming from the nation's dairy farms, consumption of dairy products this year will nearly equal that of 1945 when more than 60,000,000,000 quarts were consumed," said G. W. Diehl, head of A & P Food Stores' national dairy department. "A 22 per cent increase in per capita consumption of milk during the war years helped overcome the loss of nutrition caused by curtailed supplies of fats and oils and helped bring about the nation's high nutritional wartime levels."

An increased supply of most cheese products is now available in many sections of the country and other milk products are expected to be adequate during the fall and winter months, Diehl said. These products contain nearly 14 per cent of the calories, 24 per cent of the proteins, 18 per cent of the fats, 74 per cent of the calcium and 45 per cent of the riboflavin consumed by the average individual.

The pioneering efforts of food chains in developing a streamlined distribution system, Diehl said, have made possible the quick movement of milk and milk products from dairy centers to densely populated consumer areas. Modern refrigeration equipment and improved handling methods were

CARD OF THANKS

We want to thank our many friends for their kindness and sympathy during the illness and death of our beloved daughter and granddaughter who passed away in Murphy General Hospital, Sept. 25.

Mr. and Mrs. V. Martin, and Mr. and Mrs. W. H. Montgomery
13-1tc

CARD OF THANKS

The family of the late A. E. Vestal, manager of the local Telephone and Telegraph company wishes to thank their many friends and especially the employees of the Southern Bell in Murphy for their many expressions of sympathy at the death of their husband and father.

Mrs. A. E. Vestal
Mrs. Robert Weaver
13-1tc Mrs. Kyle D. Crowther, Jr.

IS YOUR LIVER CRYING FOR HELP

because of constipation or faulty digestion? If you feel bilious, sour, bloated with gas, headachy, blue, grouchy, you may be putting too big a burden on your liver. Retained undigested food becomes putrefactive, causes toxins, which overload the liver, keeping it from working properly. Then is the time to relieve your tired liver by letting Calotabs help nature sweep the putrefactive and partially digested matter from your stomach and intestines. Nothing acts just like good old Calotabs. Use as directed. 10c and 25c at your druggist.

Man with a 32-track mind

He's moved upstairs . . . this Southern Railway yardmaster!

Yesterday he ran his legs off in all kinds of weather trying to be all over his yard at once. Today he sits in a glass-enclosed, air-conditioned tower sixty feet above the ground . . . acres of tracks spread out before him.

Through the magic of electronics he gives orders and instructions to switching crews and others throughout the yard . . . and the men can report back to him over this two-way communicating system . . . thus speeding the "making up" into trains

of as many as 5,000 freight cars a day.

Progress? You bet!

Always on the alert for new methods . . . never taking anything for granted . . . we're doing our best to provide the kind of mass transportation service that is so vital to the continued growth and prosperity of the South.

Whether it's pioneering with the first Diesel freight locomotive or building a tower for the "man with a 32-track mind," the Southern Railway is . . . and will continue to be . . . a railway that is always looking for, and finding, better ways to "Serve the South."

Ernest E. Norris
President

SOUTHERN RAILWAY SYSTEM
