SOCIETY

Dotson-Killian Vows Are Said

Mr. and Mrs. J. F. Killian of Murphy, Route 3, announce the marriage of their daughter, Sue Killian, to Dewey W. Dotson, son of Mr. and Mrs. Ed. Dotson of Cuthbertson.

The marriage took place at Blairsville, Ga., on January 10 at 6:00 p. m., with R. L. Lance officiating.

The bride wore a winter white garbardin suit with black accessories. The only attendant was Henry Dotson, cousin of the groom.

The couple will reside in Murphy for the present.

PERSONALS

Edward Townson returned Monday from a five day vacation in Miami Beach, Fla.

Andrew E. Barton has been transferred to Tryon as manager of the A & P store there.

5 Years (1943)

Victory Garden campaign for 43 starts this week.

County goes over top in bond sales.

Superintendents H. Bueck of Murphy and I. B. Hudson of Andrews will appear before school commission in Raleigh Thursday.

The USDA estimates an annual loss from grubs of about 100 million dollars, with an additional 200 million dollars' loss caused by lice and ticks. The parasites can easily be controlled by spraying at the right time. Consult your county agent.

TAVERN CANDLES — Hand dipped, dripless, odorless, 15 inches. White, red, green. 15c each. Cherokee Scout, Phone 20. 6-1f

Green feed is necessary to hogs and, when it is supplied in sufficient amounts, it will improve sanitary conditions, will act as a tonic, will encourage thrift and health, and is an excellent source of Vitamin A.

New and improved uses of citrus products and the design and construction of a satisfactory press for commercial recovery of juice from pears and other fruits and fruit wastes are the objectives of two research projects recently approved by the USDA to be carried on under the Research and Marketing Act.

WHAT THINK YE OF CHRIST? Judge Felix Alley's book, or sale at Scout office, Murphy.

On a heavy-duty job,
give me new Advance-Design
CHEVROLET TRUCKS
and here's a "load" of reasons why...

Only Advance-Design Trucks Have All These New and Finer Features:

- ★ Cab that "breathes"
- ★ Flexi-Mounted cab
- ★ Uniweld, all-steel construction
- ★ Larger, more durable, fully adjustable seat
- ★ 22% greater visibility
- ★ New, rear-corner windows
- ★ Stronger, new frames
- ★ Full-floating hypoid rear axles
- ★ Specially designed hydraulic truck brakes
- ★ Valve-in-Head Thrift-Master or Load-Master engines
- ★ More efficient loading (stake and high-rack bodies)
- ★ New, thorough sealing insulation
- ★ Standard cab-to-axle-length dimensions permitting interchange of bodies
- ★ ... and MANY more!

Brother, how these stronger, new frames stand-up! Wheel-bases are longer, too, for better load distribution. And the brakes are exclusively designed for greater brake-lining contact!

There's nothing like the cab that "breathes" for comfort! Fresh air is drawn in from the outside—heated in cold weather—and used air is forced out. The cab is cushioned on rubber—Flexi-Mounted—with 12 inches more foot room and eight inches more seating space. There's 22% greater visibility, too, they tell me. The seat is fully adjustable. Man, this is it!

Here's a special, heavy-duty job and an extra-special truck! Take your pick from 107 different models and eight wheel-bases. There's one made for your special kind of job.

Look—rear-corner windows! Now it's a cinch to back up without jackknifing. Yes, sir, these trucks are brand new—really different with Advance-Design. And they're packed with power in the world's most economical engine for its size—Chevrolet's Valve-in-Head engine. *Fresh air heating and ventilating system and rear corner windows optional at extra cost.

Come in and see these trucks—today! There's a Chevrolet Advance-Design truck to meet your specific needs and offer you TRANSPORTATION UNLIMITED!
