For a Stronger, Sturdier Chassis GET A GMC

GMC trucks have always been designed and built to "take it." Today they are equipped with chassis structure that offers greater strength and stamina than ever before.

Axles are heavier and huskier. Springs are stronger. Frames are tougher. Brakes, steering, transmissions, clutches... all have been improved to give you easier handling, surer control and day-in, day-out dependability on the most rugged hauling jobs.

There's a new GMC... light, medium or heavy duty... exactly suited to your type of truck work. See us for complete information... and all your parts and service needs.
