KAISER FRAZER

Service wherever you go

"In just two years we've built and sold more fine cars than any other new manufacturer in automobile history.
Why? Because America fell in love with the KAISER and the FRAZER on sight. Folks are streaming into Kaiser-Frazer showrooms and learning from present owners how dependable these two great cars are. They're learning—from people who drive them—how soundly they are built... how economical they are... how much enjoyment there is in owning one.
THESE ARE THE MOST-COPIED CARS IN AMERICA, road-proved by 250,000 owners in two billion miles of driving.
Because plenty of Americans insist on comfort, convenience, style and value, traditional leaders had to "move over"—as Kaiser-Frazer became the fourth largest manufacturer of motor cars in the world in two short years.
Why wait? Enjoy your new car this summer. You'll get fair treatment and highest trade-in allowance.
