"You did it"

Who makes the Southland grow and prosper?
 Is it the banker? The farmer? The industrialist?
 The factory-worker? The schoolteacher? The miner? The housewife?

Is it the Southern Railway System... with its dependable transportation service... its good, steady jobs for 45,000 men and women... its tax payments in every community... its purchases of materials and supplies throughout the Southland?

Yes! And No!

It's each one of them... and all of them... everybody! For it takes many minds, many hearts and many hands... planning together... working together... keeping everlastingly at it... to achieve the future that all of us want, here in the South.
