AN ORDINANCE PROVIDING FOR THE 30-DAY QUARANTINE OF ALL DOGS

WHEREAS, a number of dogs have contracted rabies within the vicinity of Murphy within the past few days, and it is probable that a number of dogs have been bitten by the dogs already mad and an epidemic of rabies is feared; and whereas, the city authorities are informed by the rabies inspector that a very large proportion of the dogs in the City of Murphy and surrounding vicinity have not been vaccinated, as is by law provided; and whereas, there are a large number of dogs roaming the streets of Murphy who apparently have no owners and, not being vaccinated, are a potential menace, as well as a nuisance to the public at large;

And whereas, the North Carolina State law, General Statutes 106-364 to 106-387, provide that all dogs shall be vaccinated for rabies annually;

Now, therefore, be it ordained by the Mayor and the Board of Aldermen of the Town of Murphy: SECTION I. That all dogs of any sex or strain within the city limits of the Town of Murphy shall be confined by their owners upon their own premises for a period of 30 days, provided that during said 30 days a dog may be permitted to leave the premises of the owner if on a leash and under the control of its owner or other responsible person, or if the dog be adequately and securely muzzled.

SECTION II. During said period of 30 days, which shall expire midnight July 14, 1949, it shall be the duty of every dog owner within the Town of Murphy who has not had his dog vaccinated within the past 12 months, and who does not own a certificate to that effect, issued by the rabies inspector, to have said dog vaccinated by the rabies inspector; any dog which does not have around its neck a numbered tag issued by the rabies inspector shall be deemed to be

an unvaccinated dog, unless otherwise shown by the owner.

SECTION III. On and after July 15, 1949, unless due to conditions prevailing, this period of confinement is extended by the Board of Aldermen, all vaccinated dogs may be released from confinement; any dog not vaccinated within a period of 12 months preceding shall continue to be confined by its owner upon his own premises, subject to the provision of Section I hereof, until such time as the dog may have been vaccinated, and for a period of 21 days thereafter, at which time the dog may be released.

SECTION IV. Any dog found roaming at large within the city limits of the Town of Murphy, within the aforesaid period of confinement, shall be impounded by the police force; at any time within a period of seven days from its impoundment, the owner of the dog may claim the same by paying the fees hereinafter set out and proving to the satisfaction of the police force that the dog has been vaccinated within a period of 12 months previous to such date; any dog not claimed by its owner within a period of seven days shall be killed by the police department and its body disposed of. The fees

to be paid by the owner before he may procure release of his dog shall be fifty cents (50c) for its seizure and impoundment and fifty cents (50c) per day or fraction thereof, during which the dog shall have been impounded.

SECTION V. During the period of confinement, as aforesaid, or during any extension of the period declared by the Board of Aldermen, it shall be unlawful for the owner thereof to allow any dog at large within the city limits of the Town of Murphy; after the period of confinement, or any extension thereof, shall have expired, it shall be unlawful for the

owner of any dog to allow the same at large within the city limits of the Town of Murphy without having complied with the provisions of this ordinance.

SECTION VI. Any person violating the provisions of this ordinance shall be guilty of a misdemeanor and may be fined not exceeding \$50.00 or imprisoned for a period not exceeding 30 days.

Passed by unanimous vote of all members present, this June 14th, 1949.
