Andrews Chamber Realizes \$721 For Athletic Field

ANDREWS — The Andrews Chamber of Commerce reports a net profit of \$721 on the 1950 softball, baseball and football season. This sum represents the profit from the first season of operation by the Chamber of Commerce and will be used to pay off original indebtedness incurred in installing the lighting of the field in 1949.

The Andrews Chamber of Commerce athletic committee leased the field from the Town of Andrews and is operating it for the present as a non-profit venture with the primary purpose of seeing that the modern, well-fenced and well-lighted field is maintained and that it pays its own way while providing entertainment for the community through athletics.

The athletic committee of the Chamber of Commerce realizes its profits from the operation of the athletic field by charging a percentage on the gate receipts for all contests played and from the profits of a concession stand operated at the field under the direction of the Chamber of Commerce.

Memorial Medals

ANDREWS—The Fanny Sue Hobbitt memorial medal and the Wilhide memorial medal which will be awarded at the 1951 Commencement of the Andrews schools have arrived from the manufacturers and are on display at Dorsey's Gift Shop.

The Hobbitt medal will be awarded to the eighth grade graduate having the highest scholastic average for the four last years of elementary school work. The Wilhide medal is awarded annually to the outstanding high school senior.

The two gold medals are of high quality. All lettering on reverse and obverse sides is hand engraved. Each medal cost \$17.50 exclusive of federal tax. Supt. I. B. Hudson is of the opinion that no finer or more expensive medals are offered in any high school in the state than these.
