

CUSTOMERS' CORNER

George Washington said it first.

This week, the celebration of Washington's birthday brings to mind the story about the famous cherry trees. Whether he said, "I cannot tell a lie" ... we don't know, but the father of our country did say, "Honesty is always the best policy." The founding father of A&P - George Huntington Hartford - had the same idea when he said, "Always do what is honest, fair and sincere and in the best interest of our customers."

That's the spirit that has always guided the folks of A&P. It always will!

Youth Have Western Sweetheart Banquet

A Sweetheart Banquet, western style, was given at the Junaluska Terrace Hotel Saturday evening by the Intermediate and young adult Training Union of the First Baptist Church. The western theme was used throughout the program.

Western songs were sung by the group around the camp fire, after which the invocation was given by the Rev. J. A. Richardson. Miss Doris Raxter, the toast mistress, welcomed the group with "Howdy Partners". The group which consisted of 34 then assembled in the dining room where a western style menu was served. The table was decorated with lanterns and sombreros filled with cactus twined with lariat's the length of the table. Place cards were cowboys and cowgirls, and favors were miniature chuck wagons filled with heart-shaped candy, and Hopalong Casady napkins were used.

Miss Velma Umphres sang "Gold Mine in The Shies", and "The Love of God". Miss Lucile Lemmons and Bob Bess sang some western melodies in front of the western scene painted by Miss Trilby Glenn, showing mountains, moon and cactus.

The message "Riding The Range Together" was delivered by the Rev. Wade Jumper of Aiken, S. C.

Buick even keeps the Sun in its Place

Of course, this new glass - which reduces glare and incoming sun-heat - is a Buick feature in '52

Here Here Here Here

WITH all the new things we've had to talk about in 1952 Buicks, we're just getting around to this one.

It's called "Easy-Eye Glass"† - a new kind of glass with a cool, soft, blue-green tint, which filters the sun's rays entering your car - cuts down their glare and heat.

You'll appreciate the "glare control" at any time - and when you hit your first stretch of hot-weather driving you'll find that this glass does a great job of keeping the heat out of your lap.

We know - because thousands of happy Buick owners already have this new comfort feature. The rest of the automobile industry is just beginning to discover what Buick discovered a year ago. It's a great idea, which costs you very little extra if you order it when you're buying a new car.

But this still leaves the other folks with a lot of catching up to do.

You'll look a long way before you'll find any-

thing that approaches a Buick's million dollar ride.

You'll look a long way before you'll find anything so completely satisfying as Dynaflow Drive.*

You'll find it hard to match the style and beauty and harmonious good taste of a 1952 Buick's interior trim and fabrics.

And when it comes to what you get for what you pay - we'll gladly match price tags with the field.

Have you had a good look at the '52 Buicks? That's something you ought to do soon.

Equipment, accessories, trim and models are subject to change without notice. †Optional at extra cost - available on most models. (Not presently available in Massachusetts.) *Standard on ROADMASTER, optional at extra cost on other Series.
