Roadway Express, Inc., of Akron, Ohio, has picked Andrews for their trailer truck stop for trucks routed from Winston-Salem and reversed. Beginning Tuesday, April 29, five trucks will come to Andrews from Chattanooga and they will be met by five other trucks from Winston-Salem. The five drivers from Chattanooga will exchange trailers with the Winston-Salem trucks and return to Chattanooga. The five Winston-Salem crews will rest eight hours, and then return to Winston-Salem.

Since Roadway Express operates several thousand trucks throughout the country and covers more territory than any other trucking company in the country, the town of Andrews can congratulate itself upon being selected as a relay station.

"Better Get the Vet on the Phone"

Pure-bred cattle—sign of the South's new, balanced agriculture—mean more money for stockmen, better standards of living on the farm, a growing demand for telephones.

Farm telephone expansion has been one of Southern Bell's biggest and most important jobs for years—and today is more important than ever. It is a job that takes a lot of money, materials, experience, know-how—and time.

In just the past 6 years we have tripled our rural telephones. We're building more and more rural lines as fast as scarce materials and defense needs permit.
